REQUEST FOR ACTION

Subject: Sale of Commercial Paper by the University

Action Requested: Authorization to Replace the Present Commercial Paper Program with a New Program to Sell Up to $200 million of Commercial Paper

Background and Summary:

The eighteen-month time period for the funding of projects under the existing commercial paper program, Series H, issued on May 28, 2008, expired in November 2009. The existing commercial paper program needs to be replaced by a new program to allow additional short-term funding of capital projects financed by tax-exempt debt and refunding of outstanding debt. The new Series I for tax exempt purposes would refund the outstanding Series H ($63.7 million) and provide new financing for projects over the next 2 years. The Series E ($6.1 million) for taxable financing requires an extension of the present final maturity of the commercial paper and inclusion of the use of borrowed funds for the refunding of outstanding debt. The current total outstanding commercial paper is $69.8 million for both series. With additional funding of $130.2 million, the total size of Series E and Series I of the commercial paper will not exceed $200 million.

The projects to be financed may include the Alice Crocker Lloyd Hall Renovation, Crisler Arena Renovation, Institute for Social Research Addition, Law School Academic Building and Hutchins Hall Law School Commons Addition, University of Michigan Hospitals and Health Centers C.S. Mott Children’s and Von Voigtlander Women’s Hospitals, ITS, parking, residential life initiative, and utilities projects. The total increase in the commercial paper outstanding would not exceed $130.2 million to reach $200 million.

The security for the commercial paper program will be a pledge of General Revenues. The liquidity for the program will be provided by investments of the University or a liquidity facility offered by a bank. The total length of the program for Series E and Series I will be limited to thirty years from the date of issuance for Series I. Each commercial paper note shall mature not later than 270 days.

Ultimately some of the commercial paper program would need to be refinanced with either fixed or variable rate debt. A permanent refinancing plan of the commercial paper program would be submitted to the Regents for approval.

We recommend the Regents authorize:

- The attached Resolution for the issuance of up to $200 million of commercial paper supported by a pledge of General Revenues.
- The increase in the commercial paper outstanding up to $200 million.
The Executive Vice President and Chief Financial Officer, Associate Vice President for Finance or Treasurer to:

- Execute all the documentation for the establishment and issuance of the Series I, extension of Series E, inclusion of the use of Series E proceeds for the refunding of outstanding debt, and the rollover of the outstanding Series H into the proposed Series I program.
- Negotiate a liquidity facility, if appropriate.

Respectfully submitted,

Timothy P. Slattery
Executive Vice President
and Chief Financial Officer

The Series I Notes shall be issued in fully registered form in the denominations, shall be subject to transfer and exchange, and shall be executed and authenticated, all as shall be provided in the Issuance Certificate. The Series I Notes shall also be payable from Available Investments, as shall be defined and provided in the Issuance Certificate.
