

THE UNIVERSITY OF MICHIGAN  
REGENTS COMMUNICATION

ACTION REQUEST

Approved by the Regents  
June 18, 2009

Subject: Intercollegiate Soccer Stadium

Action Requested: Approval of Schematic Design

Background:

At the May 2009 meeting, the Board of Regents approved the Intercollegiate Soccer Stadium project and the appointment of Jickling Lyman Powell Associates, Inc. as the architect for its design. Athletics is proposing to add spectator amenities and player support facilities to the competition field for men's and women's intercollegiate soccer. The project involves approximately 20,000 gross square feet of construction, including restrooms and concessions for spectators, a press area, two team locker rooms, and grandstand seating for approximately 1,800 spectators. There will be no impact on parking from this project.

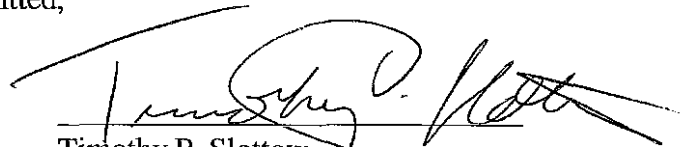

The estimated cost of the project is \$6,000,000. Funding will be provided from Athletic Department resources and gifts. The construction cash flow may be provided, all or in part, by increasing the commercial paper issuance under the commercial paper program, secured by a pledge of General Revenues, and authorized by the Board of Regents. Construction is scheduled to be completed in the fall of 2010.

We recommend that the Board of Regents approve the schematic design for the Intercollegiate Soccer Stadium project as presented at the meeting.

Respectfully submitted,

William C. Martin  
Donald R. Shepherd Director of  
Intercollegiate Athletics

Timothy P. Slottow  
Executive Vice President and  
Chief Financial Officer
