SUBJECT: The University of Michigan-Dearborn
College of Education, Health, and Human Services Executive Committee

ACTION: Approval of recommendation for an additional member of the Executive Committee

Background

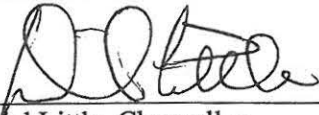

The University of Michigan-Dearborn College of Education, Health, and Human Services Executive Committee currently consists of the dean and three faculty members of senate rank. The terms are for three years and are adjusted so that one vacancy occurs each year. The appointed members are eligible for reappointment after the lapse of one year. The dean chairs the committee.

Recommendation

The College of Education, Health, and Human Services was created September 2, 2013, with a structural designation of two departments. The two academic departments are education, and health and human services. The proposed revision would add one additional faculty member to the CEHHS executive committee, for a total of four faculty members, two members from each department. The three year terms will be adjusted so that one or two vacancies will occur each year. The proposed revision was recommended by the faculty and is supported by the dean of the College of Education, Health, and Human Services and the provost and vice chancellor for Academic Affairs.

A subsequent revision to the Regents' Bylaws Section 11.08 will be necessary upon approval of this recommendation.
