

THE UNIVERSITY OF MICHIGAN  
REGENTS COMMUNICATION

REQUEST FOR ACTION

**Subject:** Financing of New Projects and Potential Refinancing of General Revenue Bonds and Commercial Paper Notes

**Action Requested:** Authorization to Issue General Revenue Bonds

**Background and Summary:**

The University seeks to provide long-term financing for the construction cash flow requirements of authorized new projects and other projects approved in accordance with policies regarding new construction and renovation project approvals. The new projects include: the University of Michigan-Dearborn Engineering Lab Building Replacement; the North Campus Research Complex Buildings 20 and 25 Laboratory Renovation; the Michigan Union Renovation; the Ford Motor Company Robotics Building; the Central Power Plant Expansion; the Wall Street West Parking Structure; and other capital projects in each case not exceeding \$3 million. The financing plan may also include the refunding of certain of the University's outstanding General Revenue Bonds in order to achieve interest or other cost savings or to achieve a more advantageous debt structure if market conditions are favorable, and the refinancing of a portion of the University's outstanding commercial paper notes in order to provide long-term financing for certain previously authorized projects.

The dollar proceeds of the new bonds would not exceed \$200 million for the financing of new projects, plus the amount required to refinance any outstanding General Revenue Bonds or commercial paper notes. The dollar amount required to refund any outstanding General Revenue Bonds is not expected to exceed \$90 million and would take into account market conditions and analysis of recommendations made by our investment banks. At present, it is not anticipated that the University will have any outstanding commercial paper notes that will be refinanced. These bonds, like the existing bonds and commercial paper notes, will be supported by a pledge of the University's General Revenues.

The pledge of General Revenues consists of revenues from students, athletics, housing, Institute of Continuing Legal Education, School of Business-Management Education, parking, patient care revenues for services provided by faculty members of the Medical School, the Hospital and other University units, as well as unrestricted gifts, indirect cost recoveries, grants, and investment earnings. The General Revenue pledge does not include State Appropriations, any excluded Hospital Gross Revenues, restricted gifts or revenues from The Veritas Insurance Corporation and Michigan Health Corporation.

The particular interest and amortization aspects of these bonds would be clarified and agreed to by the Executive Vice President and Chief Financial Officer or his designee as we work with investment bankers and get a clearer sense of market conditions at the time of issuance. Depending upon market conditions, the final structure could potentially include more than one debt issue and interest rate swaps. The University currently has four other swap agreements. If liquidity is required for the financing, the University may enter into liquidity agreements.

**We recommend** at this time that the Regents adopt the attached resolution authorizing the Executive Vice President and Chief Financial Officer or the Associate Vice President for Finance, or the Treasurer to:

- Develop the terms, and negotiate and execute the legal documentation for the financing with the assistance of the underwriter(s) and outside legal counsel.
- Obtain and approve a final proposal for the bonds.
- Obtain and accept a final proposal for any swaps and any liquidity agreements required for the University's variable rate debt, and execute and deliver the required documentation for the transaction.

Respectfully submitted,

Kevin P. Hegarty  
Executive Vice President  
and Chief Financial Officer

NOW, THEREFORE, BE IT RESOLVED BY THE REGENTS OF THE UNIVERSITY OF MICHIGAN, AS FOLLOWS:

1. Approval of the Definition of "Project"; Approval of Refunding of Outstanding General Revenue Bonds and Notes. The Issuer hereby approves the definition of the term "Project" as set forth on Exhibit A attached hereto, and authorizes the Authorized Officers, or any one of them individually, to determine the components of the Project to be financed, in whole or in part, from the proceeds of the Bonds, and to determine the specific amount of the cost of each such component of the Project to be financed from the proceeds of the Bonds; provided, however,

that if a component of the Project described in Category II of Exhibit A requires the approval of the Issuer in accordance with the Issuer's policies regarding the approval of capital projects, no proceeds of the Bonds may be used to finance such Project component until approval of such Project component is given by the Issuer. Subject to the Issuer's policies regarding the approval of capital projects, any Authorized Officer may subsequently approve additional components of the Project and specify that such additional components shall be financed in whole or in part from the proceeds of the Bonds, upon which occurrence such components shall thereupon become components of the Project hereunder. The Issuer further approves the refunding of all or any portion of the Outstanding General Revenue Bonds and all or any portion of the outstanding Notes and authorizes the Authorized Officers, or any one of them individually, to select the portion, if any, of the Outstanding General Revenue Bonds to constitute the Bonds to be Refunded and the portion, if any, of the outstanding Notes to constitute the Notes to be Refunded, in order to produce interest or other cost savings or a more favorable debt service structure, to reduce or eliminate risks associated with variable rate bonds, to provide for more favorable terms or covenants, or to provide for permanent financing of projects previously financed with short-term debt, and to fund, if deemed appropriate, a portion of the costs of the refunding from available funds of the Issuer and the balance of such costs with the proceeds of the Bonds, and to proceed with the refunding.

In connection with the refunding of all or any portion of the Outstanding General Revenue Bonds, any Authorized Officer may, in the name and on behalf of the Issuer, and as its corporate act and deed, modify any of the Existing Swap Agreements, in whole or in part, and relate any of such Existing Swap Agreements to any portion of the debt service on the Bonds or any Outstanding General Revenue Bonds, or terminate any Existing Swap Agreements, in whole or in part, and any fees or termination payments required in connection with any such modifications or terminations may be paid from proceeds of the Bonds, or from available funds of the Issuer, as determined by an Authorized Officer.

2. Authorization of the Bonds and Related Agreements; Bond Terms. The Issuer hereby authorizes the issuance, execution and delivery of the Bonds, in one or more series, to be designated GENERAL REVENUE BONDS, with appropriate series designations, in the aggregate original principal amount to be established by an Authorized Officer, but not to exceed the principal amount necessary to produce proceeds of TWO HUNDRED MILLION DOLLARS (\$200,000,000) for the payment of the costs of the Project and the costs of issuance of the Bonds, plus the amount, if any, required to refund the Bonds to be Refunded and the Notes to be Refunded and to pay costs related thereto, as determined by an Authorized Officer. The Bonds shall be dated as of the date or dates established by an Authorized Officer, and shall be issued for the purpose of providing funds which, together with other available funds, will be used to pay all or a portion of the costs of the Project, including, if determined to be appropriate by an Authorized Officer, capitalized interest related to all or any portion of the Project for a period specified by an Authorized Officer, to pay all or a portion of the costs of refunding the Bonds to be Refunded, if any, and the Notes to be Refunded, if any, and to pay costs related to the issuance of the Bonds and the refunding, including the costs of bond insurance premiums, if an Authorized Officer determines such insurance to be appropriate. The Bonds shall be serial bonds or term bonds, which may be subject to redemption requirements, or both, as shall be established by an Authorized

Officer, but the first maturity shall be no earlier than April 1, 2019 and the last maturity shall be no later than December 31, 2050. The Bonds may bear interest at stated fixed rates for the respective maturities thereof as shall be established by an Authorized Officer, but the weighted average yield (computed using the stated coupons and the stated original offering price) for the Bonds shall not exceed 7.0% per annum for tax-exempt bonds or 11.0% per annum for taxable bonds. Alternatively, all or part of the Bonds may bear interest at a variable rate of interest for all or a portion of their term, at indexed or market established rates or any combination thereof, and the variable rate of interest shall not exceed the lesser of 25% per annum, the maximum rate permitted by law or the maximum rate, if any, specified in the Trust Agreement. The Bonds may be subject to redemption or call for purchase prior to maturity at the times and prices and in the manner as shall be established by an Authorized Officer, but no redemption premium shall exceed 3% of the principal amount being redeemed unless the redemption price is based on a “make whole” formula, in which case no redemption premium shall exceed 40% of the principal amount being redeemed. Interest on the Bonds shall be payable at such times as shall be specified by an Authorized Officer. The Bonds shall be issued in fully registered form in denominations, shall be payable as to principal and interest in the manner, shall be subject to transfer and exchange, and shall be executed and authenticated, and may be issued in book-entry-only form, all as shall be provided in the Trust Agreement. The Bonds shall be sold to the Underwriter pursuant to the Bond Purchase Agreement or through a competitive sale or bidding process pursuant to a Notice of Sale for a price to be established by an Authorized Officer (but the Underwriter’s discount, exclusive of original issue discount, shall not exceed 1.50% of the principal amount thereof) plus accrued interest, if any, from the dated date of the Bonds to the date of delivery thereof.

Any or all of the Bonds may be made subject to tender for purchase at the option of the holder thereof or to mandatory tender for purchase. The obligation of the Issuer to purchase any Bonds subject to tender for purchase may be limited to remarketing proceeds of such Bonds, or may be made payable from General Revenues (as defined in Section 3 below), from available cash reserves of the University, subject to such limitations as may be specified in the Trust Agreement, or from, directly or as support for the cash reserves of the University, a letter of credit, line of credit, standby bond purchase agreement or other liquidity device, or one or more of the same, or any combination thereof (collectively, the “Liquidity Device”), all as shall be determined by an Authorized Officer. The Liquidity Device, or any part thereof, may also be used to provide liquidity for any other indebtedness or obligations of the Issuer, including the Notes and the Outstanding General Revenue Bonds. Any reimbursement obligation for draws under the Liquidity Device shall be a limited and not a general obligation of the Issuer, payable from, and may be secured by a pledge of, General Revenues. Each Authorized Officer is individually authorized to execute and deliver at any time, for and on behalf of the Issuer, any agreements or instruments necessary to obtain, maintain, renew or replace, and provide for repayments under, any Liquidity Device deemed by such officer to be required for the purposes of this Resolution.

Any Bonds authorized and issued hereunder may, at any time upon direction of an Authorized Officer, be subsequently converted to another mode or structure authorized hereby, either through procedures established in the Trust Agreement pertaining thereto, or through the issuance hereunder of refunding bonds to refund and replace the outstanding Bonds to be

converted. Any such refunding bonds issued hereunder shall be subject to the terms, conditions and limitations contained in this Resolution. Each Authorized Officer is individually authorized to execute and deliver, for and on behalf of the Issuer, any documents or instruments, including but not limited to, any amendments to the Trust Agreement, necessary or convenient for the purpose of accomplishing the conversion as described in this paragraph.

In relation to the debt service on all or any portion of the Bonds, or in relation to debt service on all or any portion of the Outstanding General Revenue Bonds, any one of the Authorized Officers may, at any time, on behalf of and as the act of the Issuer, enter into or modify an interest rate swap, cap, forward starting swap, option, swaption, rate lock or similar agreement or agreements (collectively, the "Swap Agreement") with a counterparty or counterparties selected or to be selected by the Authorized Officer. Such Swap Agreement shall provide for payments between the Issuer and the counterparty related to interest on all or any portion of the Bonds or the Outstanding General Revenue Bonds, at indexed or market established rates. If the Swap Agreement is entered into at approximately the same time as the issuance of the Bonds and is related to the Bonds, the expected effective interest rates on the Bonds to which the Swap Agreement relates, taking into account the effect of the Swap Agreement, shall be within the limitations set forth herein. Any Swap Agreement may, if determined necessary or appropriate by an Authorized Officer, be subsequently terminated, in whole or in part, which may result in termination payments due by the Issuer. Any such required payments and other costs of termination may be funded from available funds of the Issuer or the proceeds of the Bonds or other indebtedness of the Issuer.

3. Limited Obligations of the Issuer; Security. The Bonds, and the obligations of the Issuer under the Swap Agreement, if any, and the Liquidity Device, if any, shall be limited and not general obligations of the Issuer payable from and, except as provided below in this Section 3, secured by a lien on, the General Revenues (as shall be defined in the Trust Agreement in a manner generally consistent with the definition thereof contained in the Trust Agreements pursuant to which the Outstanding General Revenue Bonds were issued). Except as otherwise determined by an Authorized Officer, as provided below in this Section 3, the lien on General Revenues securing the Bonds, the Swap Agreement and the Liquidity Device, if any, shall be on a parity basis with the liens on General Revenues securing the Notes and the Outstanding General Revenue Bonds. The Bonds and the obligations of the Issuer under the Swap Agreement, if any, and the Liquidity Device, if any, may also be payable from and secured by a lien on moneys, securities or other investments from time to time on deposit in certain funds created pursuant to the Trust Agreement or agreements entered into in connection with the Swap Agreement or Liquidity Device.

No recourse shall be had for the payment of the principal amount of or interest or premium on the Bonds, or for the payment of any amounts owing under the Swap Agreement, if any, or the Liquidity Device, if any, or any claim based thereon, against the State of Michigan, or any member, officer or agent of the Issuer or the University, as individuals, either directly or indirectly, or, except as specifically provided in the Trust Agreement or the instruments entered into in connection with the Swap Agreement, if any, or the Liquidity Device, if any, against the Issuer, nor shall the Bonds and interest with respect thereto, or any obligations of the Issuer in connection

with the Swap Agreement, if any, or the Liquidity Device, if any, become a lien on or be secured by any property, real, personal or mixed, of the State of Michigan or the Issuer, other than the General Revenues and the moneys, securities or other investments from time to time on deposit in all or part of the funds established by the Trust Agreement or the agreements entered into in connection with the Swap Agreement, if any, or the Liquidity Device, if any.

Any pledge of General Revenues, and funds specified in the Trust Agreement or in agreements entered into in connection with the Swap Agreement, if any, or Liquidity Device, if any, shall be valid and binding from the date of the issuance and delivery of the Bonds or such agreements, and all moneys or properties subject thereto which are thereafter received shall immediately be subject to the lien of the pledge without physical delivery or further act. The lien of said pledge shall be valid and binding against all parties (other than the holders of any outstanding bonds, notes or other obligations secured by a parity first lien on General Revenues) having a claim in tort, contract or otherwise against the Issuer, irrespective of whether such parties have notice of the lien.

Notwithstanding anything herein to the contrary, any obligations of the Issuer under the Swap Agreement or the Liquidity Device may, if determined appropriate by an Authorized Officer, be payable and secured on a subordinated basis to the Bonds and other General Revenue obligations of the Issuer, or may be payable from General Revenues but be unsecured.

4. Issuance of Additional Obligations. The right is reserved to issue additional bonds, notes or other obligations payable from General Revenues and secured on a parity or subordinated basis with the Bonds by a lien on General Revenues, upon compliance with the terms and conditions, if any, as shall be set forth in the Trust Agreement.

5. Selection of Trustee; Approval of Trust Agreement; Bond Insurance. Each Authorized Officer is hereby individually authorized and directed, in the name and on behalf of the Issuer, and as its corporate act and deed, to select the Trustee, and to negotiate, execute and deliver the Trust Agreement. The Trust Agreement may contain such covenants on behalf of the Issuer and terms as such Authorized Officer deems appropriate, including, if deemed appropriate, but not limited to, covenants with respect to the establishment of General Revenues at levels expressed as a percentage of debt service on the Bonds or all General Revenue obligations of the Issuer, and with respect to the issuance of additional bonds, notes or other obligations payable from and secured by General Revenues. In addition, each Authorized Officer is hereby individually authorized, empowered and directed to negotiate, if deemed appropriate by an Authorized Officer in connection with the issuance of the Bonds, for the acquisition of bond insurance and to execute and deliver an insurance commitment or other documents or instruments required in connection with such insurance.

6. Selection of Underwriter; Sale of Bonds; Bond Purchase Agreement and Remarketing Agreement. Each Authorized Officer is hereby individually authorized and directed, in the name and on behalf of the Issuer and as its corporate act and deed, to select the Underwriter and to negotiate, execute and deliver the Bond Purchase Agreement with the Underwriter setting

forth the terms of the Bonds and the sale thereof, in the form as an Authorized Officer may approve, all within the limitations set forth herein. In the alternative, if determined appropriate by an Authorized Officer, selection of the Underwriter and setting of the terms for all or any portion of any series of the Bonds may be made through a competitive sale or bidding process, and each Authorized Officer is individually authorized to accept the winning bid or offer of the Underwriter for the purchase of such Bonds. Each Authorized Officer is further individually authorized and directed, in the name and on behalf of the Issuer and as its corporate act and deed, to negotiate, execute and deliver the Remarketing Agreement with the Underwriter or other party selected by the Authorized Officer.

7. Execution and Delivery of Bonds. The Executive Vice President and Chief Financial Officer, or in the event of his unavailability, the President, is hereby authorized, empowered and directed, in the name and on behalf of the Issuer, and as its corporate act and deed, to execute the Bonds by placing his or her facsimile or manual signature thereon, and to deliver or cause to be delivered the Bonds to the Underwriter in exchange for the purchase price therefor.

8. Ratings; Official Statement; Notice of Sale. Each Authorized Officer is hereby individually authorized to solicit ratings on the Bonds from any national rating services that the Authorized Officer deems appropriate and to cause the preparation of a Preliminary Official Statement, if necessary, and an Official Statement with respect to each series of the Bonds, to deem such official statements “final” in accordance with applicable law, and to execute and deliver the Official Statements. In the event that all or any portion of any series of the Bonds is to be sold by means of a competitive sale or bidding process, as provided in this Resolution, each Authorized Officer is individually authorized to prepare and publish or cause to be published, or otherwise distribute, in such manner as an Authorized Officer shall determine, a Notice of Sale for such Bonds. Each Authorized Officer or the Underwriter is authorized to circulate and use, in accordance with applicable law, the Notice of Sale, if any, the Preliminary Official Statements, if any, and the Official Statements in connection with the offering, marketing and sale of the Bonds.

9. Authorization of Other Actions. The President, the Authorized Officers, the Secretary or Assistant Secretary, the Vice President and General Counsel and any associate general counsel, and any other appropriate officer of the Issuer or the University, are each hereby authorized to perform all acts and deeds and to execute and deliver for and on behalf of the Issuer all instruments and documents required by this Resolution, the Trust Agreement, the Remarketing Agreement, the Swap Agreement, the Liquidity Device and the Bond Purchase Agreement, or necessary, expedient and proper in connection with the issuance, sale and delivery of the Bonds, as contemplated hereby, including, if deemed appropriate, one or more escrow deposit agreements with an escrow agent to be selected by an Authorized Officer as may be necessary in connection with any refunding or refinancing authorized hereby. Each Authorized Officer is individually authorized to designate and empower the escrow agent or the Underwriter to subscribe for United States Treasury Securities – State and Local Government Series, on behalf of the Issuer, as may be necessary in connection with any refunding or refinancing authorized hereby. Any action required under the Trust Agreement, the Remarketing Agreement, the Bond Purchase Agreement, the Swap Agreement or the Liquidity Device or any other instrument related to the Bonds, and any

action necessary or appropriate in connection with the ongoing administration of the financing program authorized hereby, may be taken by and on behalf of the Issuer by an Authorized Officer. Any reference to an officer of the Issuer or the University herein shall include any interim or acting officer appointed by the Issuer.

10. Continuing Disclosure Undertakings. In accordance with the requirements of Rule 15c2-12 of the United States Securities and Exchange Commission, the Issuer may be required in connection with the issuance of the Bonds to enter into one or more Disclosure Undertakings for the benefit of the holders and beneficial owners of the Bonds. Each Authorized Officer is individually authorized to cause to be prepared and to execute and deliver, on behalf of the Issuer, the Disclosure Undertakings.

11. Declarations of Intent to Reimburse Expenditures. Each Authorized Officer is hereby authorized and delegated the authority to execute, on behalf of the Issuer, a declaration of intent to reimburse Issuer funds expended on the Project, and on future projects, from the proceeds of the Bonds or other bonds or notes to be issued in the future, all in accordance with U.S. Treasury Regulation Section 1.150-2. Any and all actions of any Authorized Officer previously taken in connection with the execution of such a declaration are hereby ratified and confirmed.

12. Conflicting Resolutions. All resolutions or parts of resolutions or other proceedings of the Issuer in conflict herewith be and the same are hereby repealed insofar as such conflict exists.
