

AWARDS ESTABLISHED
Research and Other Sponsored Activities
July 1, 2012 through January 31, 2013

The awards detailed in this list were established July 1, 2012 through January 31, 2013. The dollar values depict the best available estimate of the funding the University should receive over the life of the award. These values may be modified as additional data become available relative to future funding prospects. These modifications are not reported in the attached list. As a result, the dollar values of awards presented in this list will differ from the year-end totals. The full amount of an award is recorded in the year in which it was established. Often these funds are expended over several years, making comparisons between awards and expenditures somewhat misleading. Research expenditures are presented here to provide a trend line for the current fiscal year.

	Number of Awards FY 2012	Number of Awards FY 2013	% Change	Value of Awards FY 2012	Value of Awards FY 2013	% Change

Other Sponsored Activity	463	611	32.0%	\$ 44,634,863	\$ 79,192,222	77.4%

FY 2013 year-to-date award values are up when compared with the same time period in FY 2012 while the number of awards has remained nearly unchanged. A large award processed in December primarily causes the increase in award dollar value. The award of \$97.5 million was funded by the National Aeronautics and Space Administration for the "Cyclone Global Navigation Satellite System". No such large award was processed in January 2013.

----- RESEARCH EXPENDITURES -----

	Federal Expendable Restricted	Other Funds	Total Expenditures

AWARDS ESTABLISHED FOR RESEARCH AND OTHER SPONSORED ACTIVITIES

December 1, 2012 through January 31, 2013

The awards listed here by direct sponsor were established during the month designated in the heading above. For each award, the listing includes the award title, the principal investigator(s), the proposal administrative department, participating investigators with specified effort, the estimated amount awarded for the award period, and the estimated award period.
