Work will be done in St Etienne and Peyrusse, France.

Heath, Jeffrey G., Professor of Linguistics, with tenure and Professor of Middle East Studies, without tenure, College of Literature, Science, and the Arts, research January 1 – May 31, 2023, to conduct field research on languages of West Africa. Work will be done in Burkina Faso, Africa.

Henthorn, Thomas C., Dorothea E Wyatt Professor of United States History and Associate Professor of History, Department of Social Sciences and Humanities, with tenure, College of Arts and Sciences, UM-Flint, sabbatical January 1 – May 31, 2023, to continue research on the history of Flint’s historic preservation efforts. Work will be done in Flint, Michigan.

Heron, John T., Associate Professor of Materials Science and Engineering, with tenure, College of Engineering, sabbatical January 1 – May 31, 2023, to continue work on the design and integration of novel materials to improve the performance of information and communications technologies. Work will be done in Ann Arbor, Michigan.

Herrenkohl, Leslie R., Professor of Education, with tenure, School of Education, sabbatical August 29, 2022 – May 31, 2023, to continue work on three projects 1) Critical Data Practices; 2) Equitable Discussion Project; 3) Mastery-in-Out-of-School-Time Project. work will be done in Ann Arbor, Michigan.

Jeffers, Ann E., Associate Professor of Civil and Environmental Engineering, with tenure, College of Engineering, sabbatical January 1 – May 31, 2023, to write a textbook on matrix structural analysis and establish myself as an expert in wildfires, to do some preliminary analyses to get the research started. Work will be done in Ann Arbor, Michigan.

Jovanovic, Igor, Professor of Nuclear Engineering and Radiological Sciences, with tenure, College of Engineering, sabbatical January 1 – May 31, 2023, to work on a novel concept for laser beam combining termed “digital laser”, which will promote the growing field of nuclear photonics. Work will be done at Ecole Polytechnique Paris, Palaiseau, France.

Karni, Smadar, Professor of Mathematics, with tenure, College of Literature, Science, and the Arts, duty off campus January 1 – May 31, 2023, per retirement agreement. Work will be done in Ann Arbor, Michigan.

Kelts, Jessica L., Associate Professor of Chemistry and Biochemistry, Department of Natural Sciences, with tenure, College of Arts and Sciences, UM-Flint, sabbatical January 1 – May 31, 2023, to work towards a peer-reviewed journal article and a grant application to secure future funding and to examine the synergy between vitamin D and curcumin during paclitaxel treatment of triple negative breast cancer cells. Work will be done in Flint, Michigan.

Keoleian, Gregory A., Peter M Wege Endowed Professor of Sustainable Systems, Professor of Sustainable Systems, with tenure, School for Environment and Sustainability and Professor of Civil and Environmental Engineering, without tenure, College of Engineering, sabbatical January 1 – May 31, 2023, to conduct research on vehicle electrification. Work will be done in Ann Arbor, Michigan.

Kirshner, Andrew J., Associate Professor of Music, with tenure, School of Music, Theatre & Dance and Associate Professor of Art and Design, with tenure, Penny W Stamps School of Art and Design, duty off campus January 1 – May 31, 2023, to conduct research and develop a new film, entitled “Sex Radical”, about the 19th-century sex reformer, Ida Craddock and her legal battles with postal censor Anthony Comstock. Work will be done in various locations.

Kolmanovsky, Ilya V., Professor of Aerospace Engineering, with tenure, College of Engineering, sabbatical January 1 – December 31, 2023, to develop new ideas/directions for research in control theory and applications that will provide foundation for new research proposals. Work will be done in Bloomington, Illinois and Boulder, Colorado.

Lafontaine, Francine, William Davidson Professor of Business Administration, Professor of Business Economics, with tenure, Stephen M Ross School of Business and Professor of Economics, without tenure, College of Literature, Science, and the Arts, sabbatical September 1 – December 31, 2022, to continue to study how firms interact with one another contractually and why, and what this means for firm boundaries and firm survival, especially for the small and large firms involved in the distribution of products in the economy, online and offline. Work will be done at the University of California, Los Angeles, California.

Larson, Ronald G, A H White Distinguished University Professor of Chemical Engineering, George Granger Brown Professor of Chemical Engineering, Professor of Chemical Engineering, with tenure, Professor of Macromolecular Science and Engineering, without tenure and Professor of Mechanical Engineering, without tenure, College of Engineering, sabbatical January 1 – May 31, 2023, to begin working on new projects in the areas of transport, with applications to materials processing and biotechnology, including drug and polymer crystallization theory and simulations, polymer dynamics, and surfactant solution dynamics. Work will be done at the North Carolina State University, Raleigh, North Carolina; Florida State University, Tallahassee, Florida; Rice University, Houston, Texas; University of Texas, Austin, Texas; University of Cambridge, Cambridge, England; Edinburgh University, Edinburgh, Scotland; Leeds University, Leeds, England and University of Durham, Durham, England.

Work will be done in Ann Arbor, Michigan.

Levin, Naomi, Associate Professor of Earth and Environmental Sciences, with tenure, College of Literature, Science and the Arts and Associate Professor of Environment, Program in the Environment, without tenure, School for Environment and Sustainability, sabbatical August 29, 2022 – May 31, 2023, to continue research on three projects 1) disentangling the

drivers of human evolution; 2) development of precipitation, evaporation and temperature records from tropical lake sediments and cave deposits for the last 700,000 years; 3) digging into soil carbonate formation processes with triple oxygen isotopes. Work will be done at the University of Michigan, Ann Arbor, Michigan and the University of Southern California, Los Angeles, California.

Levitsky, Melvyn, Clinical Professor of Public Policy, Gerald R Ford School of Public Policy, personal January 1 – May 31, 2023.

Lewis, Toby C., Associate Professor of Pediatrics, with tenure, Medical School and Associate Professor of Environmental Health Sciences, without tenure, School of Public Health, sabbatical February 1 – May 31, 2023, to advance the understanding on health systems-based factors which contribute to asthma health disparities by race, ethnicity, socioeconomic position and geography. Work will be done in Ann Arbor, Michigan.

MahdaviFar, Hessam, Associate Professor of Electrical Engineering and Computer Science, with tenure, College of Engineering, sabbatical January 1 – May 31, 2023, to advance research on channel coding for next generation wireless systems, 6G and beyond. Work will be done at the University of California, San Diego, California.

McKibbin, William, Associate Professor of Psychology, Department of Behavioral Sciences, with tenure, College of Arts and Sciences, UM-Flint, sabbatical January 1 – May 31, 2023, to conduct a study investigating the correlates of creepiness, and a project on sexual conflict in intimate relationships. Work will be done at the University of Michigan, Flint, Michigan.

Meyhofer, Edgar, Professor of Mechanical Engineering, with tenure, College of Engineering, sabbatical January 1 – May 31, 2023, to focus on the needed technical innovations and integrate custom-fabricated scanning probes that feature high-resolution, superconducting quantum interference device (SQUID)-based temperature sensors into our LT-STM. Work will be done in Ann Arbor, Michigan.

Miller, Christopher J., Professor of Astronomy, with tenure and Professor of Physics, without tenure, College of Literature, Science, and the Arts, sabbatical August 29, 2022 – May 31, 2023, to continue research in the area of Cosmology with Galaxy Cluster escape velocities. Work will be done at the University of Chicago, Chicago, Illinois and Shanghai and Hefei, China.

Mir, Farina, Associate Professor of History, with tenure, College of Literature, Science, and the Arts, scholarly activity January 1 – May 31, 2023, to work on a monograph entitled “Genres of Muslim Modernity: Being Muslim in Late-Colonial India, 1858-1947”. Work will be done in Ann Arbor, Michigan.

Misra, Amit, Edward DeMille Campbell Collegiate Professor of Materials Science and Engineering, Professor of Materials Science and Engineering, with tenure and Professor of Mechanical Engineering, without tenure, College of Engineering, sabbatical January 1 – May 31, 2023, to work on research and develop additional course content for teaching. Work will be done in Ann Arbor, Michigan.

Mueller, Jacob L., Associate Professor of Human Genetics, with tenure, Associate Professor of Obstetrics and Gynecology, without tenure and Associate Professor of Urology, without tenure, Medical School, sabbatical June 1, 2022 – May 31, 2023, to conduct research to understand the function and evolution of structurally complex regions of the genome and translate basic knowledge into new understanding of human infertility, genome evolution, and non-Mendelian inheritance. Work will be done at the Crick Institute in England and the Max Planck Institute for Evolutionary Biology in Germany.

Newman, Carrie, Associate Professor of Pharmacology, with tenure, Medical School, sabbatical September 8 – December 9, 2022, to learn computational approaches to behavioral modeling and learn about adolescences, sexual maturation and hormonal regulation of behavior and striatal physiology. Work will be done at the University of California, Berkeley, California.

Ng, Tiffany K., Associate Professor of Music, with tenure, School of Music, Theatre & Dance, sabbatical January 1 – May 31, 2023, to pursue a complementary pairing of scholarly and professional development projects in the areas of musicology, carillon design and comparative campanology. Work will be done in Ann Arbor, Michigan.

Oral, Elif A., Professor of Internal Medicine, with tenure, Medical School, sabbatical January 1 – June 30, 2023, to deepen knowledge on machine/deep learning of adipocyte cell lineages from a clinical perspective. Work will be done at the University of Michigan, Ann Arbor, Michigan.

Parikh, Sagar, John F Greden Professor of Depression and Clinical Neuroscience, Professor of Psychiatry, with tenure, Medical School and Professor of Health Management and Policy, with tenure, School of Public Health, sabbatical January 1 – June 30, 2023, to deepen my understanding and expertise in interventional psychiatry techniques, and to prepare a grant proposal that addresses two unaddressed issues: how do the interventional psychiatry treatments compare to each other, and how should acute treatment response be maintained.
