Subject: Central Student Government Report

Attached is the March update on the projects and activities of the Central Student Government.

Respectfully Submitted,

Bobby Dishell  
President, Central Student Government

March 9, 2015

President Schlissel, members of the Board of Regents, and Executive Officers of the University, I am both pleased and honored to submit the following report to you on behalf of the Central Student Government. Below is a brief update of our activities, operations, and goals as we continue to serve the students of this University.

### **Honor Code**

- The Honor Code Task Force has held two open forums, one on North Campus and one on Central Campus to garner student feedback. They have also met with various administrators to gather feedback.
- The Task Force will make a recommendation to the CSG President by March 15<sup>th</sup>.

### **Active Shooter Training**

- All CSG members have been trained on how to handle an active shooter scenario.
- This training has been incredibly informative and we encourage all students and community members to be trained.

### **Library Seating**

- We have worked with the libraries to add over one hundred seats to the Shapiro Undergraduate Library and the Rackham Graduate Library.
- We hope to find more seating for our student body in the libraries.

### **Library Electricity**

- We worked with library administrators to put two hundred sixty eight new outlets in the Shapiro Undergraduate Library.
- As we continue to advance technologically it is vital that students have the ability to keep up with their studies and power their devices.

### **airBus**

- CSG successfully ran the airBus service over spring break, concluding our service for the academic year.

Respectfully submitted,

Bobby Dishell  
President, Central Student Government

## University of Michigan-Dearborn Student Government

### *March 2015 Regents' Report*

President Schlissel, members of the Board of Regents, and Executive Officers of the University, it is my pleasure and honor to submit the following report to you on behalf of the University of Michigan-Dearborn Student Government (SG). We truly appreciate the opportunity to inform you about all the initiatives Student Government is working on for the upcoming year.

***Inclusion Week Recap:*** SG is proud to report the Second Annual Inclusion Week was a great success on campus. The week of events encouraged students to participate and engage in conversations regarding the topic of inclusion. By hosting Inclusion Week, SG has advanced and promoted a more inclusive atmosphere surrounding our students.

***College Affordability:*** This month, SG will be working with the Center for Michigan, a nonprofit and nonpartisan organization, to discuss college value and affordability. This collaboration will be organized to allow all students on campus to participate and engage in the conversation regarding the cost of college and methods to improve affordability. The goal of the conversation is to solicit feedback from students facing difficult financial encounters. The Center for Michigan will share this information with our state leaders to better the future of education in Michigan.

***CIVIC Food Pantry:*** The student food pantry on campus has been a great success since it was first created in 2013. Students who are in need of food assistance have the opportunity to gain temporary food from the pantry. Many students often skip meals during the day or do not have access to healthy meals. The food pantry is always in need of more food donations to provide quality assistance to students. This month, SG will be hosting an event to raise funds for the student pantry. By purchasing a shamrock, students can write what they are lucky to have in life in hopes of raising awareness for a need of a student pantry on campus.

Thank you for taking the time to read this report and Student Government truly appreciates this opportunity to share our goals and accomplishments. We appreciate your diligent work and dedication to the University!

Warmest Regards,
