We undertook an analysis of 'Associations/Others' reporting and, in keeping with both CASE standards and peer practices, have expanded the list of those Associations/Others whose grants to the Regents of the University of Michigan are being tracked and counted as private support for education. This results in an increase in Association/Other giving that is reflected in this report, and explains the increase in year over year results.

Please note that we reclassified a professional foundation donor which resulted in a reduction in the YTD foundation numbers from January
