

THE UNIVERSITY OF MICHIGAN  
REGENTS COMMUNICATION

ACTION REQUEST

Subject: Research Agreement between the University of Michigan and My Total Health, Inc.

Action Requested: Authorization to enter into Agreement

Preamble:

A statutory conflict of interest situation was identified by the Office of Research and Sponsored Projects while reviewing the Proposal Approval Form which then triggered a review by the Medical School Conflict of Interest Board. A plan for management of the possible risks associated with the conflict of interest was then developed and approved by the Board and agreed to by the parties involved.

This proposed research agreement (“Agreement”) falls under the State of Michigan Conflict of Interest Statute because Professor William Chey is an employee of the University of Michigan (“University”), and a partial owner of My Total Health, Inc. The law permits such an Agreement provided it is disclosed to the Board of Regents (“Regents”) of the University of Michigan and approved in advance by a 2/3 vote.

Background:

Dr. William Chey, a Professor in the Department of Gastroenterology, is the partial owner of a for-profit company called My Total Health, Inc. (the “Company”). The Company wishes to fund a project entitled “My Nutrition Health mobile app development” (ORSP #18-PAF03956) in the Department of Gastroenterology under the direction of Dr. Chey. The purpose of this project is to provide advice and facilitate development of the My Nutrition mobile app created by My Total Health, Inc.

Agreement Terms:

The terms of the Agreement conform to University policy. The period of performance for the project is approximately nine (9) months. The amount of funding support will not exceed \$15,722. Since research projects are often amended, this agreement includes a provision for changes in time and scope. University procedures for approval of these changes will be followed and additional conflict of interest review will be done as appropriate.

Impact of the Agreement:

The Agreement will support an effort by Dr. Chey to use his expertise and University laboratory, as well as other University resources, to consult and address clinical questions relevant to the project.

Recommendations:

This matter has been reviewed and approved by the Medical School Conflict of Interest Board. In light of this disclosure and our finding that the Agreement was negotiated in conformance with standard University practices, I recommend that the Board of Regents approve the University's entering into this Agreement with My Total Health, Inc.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read 'S. Hu', is positioned above the typed name.

S. Jack Hu  
Vice President for Research
