

AWARDS ESTABLISHED
Research and Other Sponsored Activities
July 1, 2012 through May 31, 2013

**Received by the Regents
June 20, 2013**

The awards detailed in this list were established July 1, 2012 through May 31, 2013. The dollar values depict the best available estimate of the funding the University should receive over the life of the award. These values may be modified as additional data become available relative to future funding prospects. These modifications are not reported in the attached list. As a result, the dollar values of awards presented in this list will differ from the year-end totals. The full amount of an award is recorded in the year in which it was established. Often these funds are expended over several years, making comparisons between awards and expenditures somewhat misleading. Research expenditures are presented here to provide a trend line for the current fiscal year.

	Number of Awards FY 2012	Number of Awards FY 2013	% Change	Value of Awards FY 2012	Value of Awards FY 2013	% Change
Total Awards Processed (May)	279	238	-14.7%	\$ 79,586,601	\$ 53,219,179	-33.1%
Research Awards	191	136	-28.8%	\$ 67,920,588	\$ 37,048,503	-45.5%
Research Training	15	14	-6.7%	\$ 6,485,292	\$ 9,489,379	46.3%
Other Sponsored Activity	73	88	20.5%	\$ 5,180,721	\$ 6,681,297	29.0%

Total Awards Processed Fiscal Year to Date	2,574	2,661	3.4%	\$ 970,232,013	\$ 1,011,655,121	4.3%
Research Awards	1,807	1,589	-12.1%	\$ 865,879,285	\$ 846,838,194	-2.2%
Research Training	133	123	-7.5%	\$ 39,157,505	\$ 51,530,137	31.6%
Other Sponsored Activity	634	949	49.7%	\$ 65,195,223	\$ 113,286,790	73.8%

There was a dramatic decline in both total and research awards processed in May 2013 when compared with May 2012. It is premature if this decline is a result of the federal sequestration. However future trends need to be carefully monitored. As a result of May's decline, the research year-to-date totals in terms of number and dollar value are now in negative territory.

----- RESEARCH EXPENDITURES -----
