THE UNIVERSITY OF MICHIGAN
REGENTS COMMUNICATION

ACTION REQUEST: Academic Administrative Appointment for a Faculty Member

NAME: Lynda D. Lisabeth

CURRENT TITLES: Senior Associate Dean for Faculty Affairs, and Professor of Epidemiology, with tenure, School of Public Health

RECOMMENDED TITLES: Interim Dean, and Professor of Epidemiology, with tenure, School of Public Health

EFFECTIVE DATE: June 16, 2025

I am pleased to recommend the appointment of Lynda D. Lisabeth as interim dean, School of Public Health, effective June 16, 2025, until a permanent dean is appointed.

Lynda Lisabeth received her B.S., M.P.H., and Ph.D. degrees from the University of Michigan in 1995, 1997, and 2003, respectively. She joined the Department of Neurology as a research investigator in 2003, was promoted to research assistant professor in 2005, to research associate professor in 2011, and to research professor in 2015. In 2006, she was appointed as an assistant professor of epidemiology in the School of Public Health. She was promoted to associate professor, with tenure, in 2010, and to professor in 2015. She served as the interim chair of the Department of Epidemiology from February 2014 through August 2015. In 2018, she was promoted to senior associate dean for administration (subsequently retitled to senior associate dean for faculty affairs).

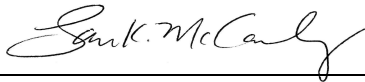

Professor Lisabeth studies the epidemiology of stroke in the United States with a focus on stroke health disparities in the Mexican American population. She conducts population-based stroke surveillance in a bi-ethnic community in south Texas, where data collection has been ongoing since 2000. Professor Lisabeth has been involved in strategic planning efforts for the National Institute for Neurologic Disorders and Stroke surrounding the advancement of stroke research and the elimination of stroke disparities. She has also participated in numerous activities for the American Heart Association (AHA) including chairing the Statistics Committee for the AHA Heart and Stroke Statistics Update and serving as an invited author for the AHA statement on the Factors Influencing to Decline in Stroke Mortality and the AHA Guidelines for the Primary Prevention of Stroke in Women. She has an outstanding publication record as well as a consistent and sustained history of grant funding.

Professor Lisabeth is an innovative teacher, and her courses consistently receive excellent evaluations. She is also a dedicated mentor to her students. Her service activities at the national

level have made important contributions to the field, while at the departmental level, she has served on the most demanding committees.

I am pleased that Professor Lisabeth has agreed to serve as interim dean of the School of Public Health. She is a distinguished scholar and educator with years of experience as a faculty member, researcher and administrator given her service as senior associate dean. She has done outstanding work in faculty affairs at the School of Public Health and has a demonstrated track record of leadership. I am confident that the school will maintain its momentum during this interim period under her leadership. I enthusiastically recommend this appointment, effective June 16, 2025, until a permanent dean is appointed.

Respectfully submitted,
