ITEM FOR INFORMATION

Subject: Central Student Government Report

Attached is the July's update on the projects and activities of the Central Student Government.

Respectfully submitted,

Anushka Sarkar  
President, Central Student Government

July 10, 2017

President Schlissel, members of the Board of Regents, and Executive Officers of the University, I am pleased and honored to submit the following report to you on behalf of the Central Student Government (CSG). Below is an update on CSG's ongoing projects during the month of July as we continue to serve the students of this University.

As there is no August meeting, we are including updates on three topline initiatives that will begin before the September meeting.

#### Ongoing CSG Projects

- Diversity, Equity & Inclusion in Science, Technology, Engineering & Mathematics (STEM) at U-M

A main pillar of the Diversity, Equity & Inclusion plan is fostering diverse representation and inclusivity within STEM fields and departments at the University. CSG has been working with the Community Scholars Program to increase the accessibility of resources for students who identify as students underrepresented minorities in line with the framework and mission of the DEI plan.

- Public Service Opportunities Fair

In addition to the Innovation in Public Service Pitch Competition and Kickoff Event that CSG will be hosting in the fall semester, we will be concurrently holding a public service opportunities fair aimed at introducing first year students to various opportunities in public service.

- Game Day Hydration Stations

This fall, in collaboration with various stakeholders working on game day safety, CSG will be setting up hydration stations on game days throughout the football season. Growing on our model from last year, we will provide students with water and snacks on football Saturday in an effort to encourage safe habits and wellness on high-risk days.

Respectfully submitted,

Anushka Sarkar  
President, Central Student Government
