

The University of Michigan Regents Communication

Request for Action

Subject: Regental Action Required Under the State of Michigan Conflict of Interest Statute

Action Requested: Authorization for the university to enter into a contract with Sports Medicine Emergency Management (University of Michigan Employee, Darryl Conway, Partner)

Background:

The University of Michigan, Michigan Medicine Medsport, seeks approval to enter into a contract with Sports Medicine Emergency Management for educational programming and continuing education credits needed for athletic training and physical therapy professional staff.

The proposed contract falls under the State of Michigan Conflict of Interest Statute, as Darryl Conway is employed by the University as an Executive Senior Associate Athletic Director with the Athletics Department and would be a party to the contract as a partner of Sports Medicine Emergency Management.

However, the Statute allows the university to enter into such contracts if the following conditions are met:

- 1) The public servant promptly discloses any pecuniary interest in the contract to the official body which has power to approve the purchase, which disclosure shall be a matter of record in its official proceedings.
- 2) The purchase is approved by a vote of not less than 2/3 of the full membership of the approving body in open session without the vote of the public servant making the disclosure.
- 3) The official body discloses the following summary information in its official minutes:
 - a) The name of each party involved in the contract.
 - b) The terms of the purchase, including duration, financial consideration between the parties, facilities or services of the public entity included in the purchase, and the nature and degree of assignment of employees of the public entity for fulfillment of the purchase.
 - c) The nature of any pecuniary interest.

The following information is provided in compliance with the statutory requirements contained in Section (3) above:

- a) The parties to the contract are the Regents of the University of Michigan and its Michigan Medicine Medsport Department, and Sports Medicine Emergency Management.
- b) The contract is for one day of educational programming and continuing education credits required for athletic training and physical therapy professional staff, for a total cost of \$9,000. Sports Medicine Emergency Management will supply the necessary resources and personnel to fulfill this contract. The remaining base contract terms and conditions are typical to those used in Procurement Services standard templates for other similar contracts entered into by the Regents.
- c) The pecuniary interest arises from the fact that University of Michigan employee, Darryl Conway, is a partner of Sports Medicine Emergency Management.

Darryl Conway has met state law requirements with the disclosure of his pecuniary interest and formal appointment arrangements with the University of Michigan. Requirements, if any, that may be applicable by the supervisor of Darryl Conway under the Michigan Medicine Medsport or OVPR's Conflict of Interest Committee's procedures are separately analyzed and managed.

We recommend that the Board of Regents approve the contract between the University of Michigan and Sports Medicine Emergency Management subject to requirements, if any, that the supervisor of Darryl Conway or the Michigan Medicine Medsport or OVPR's Conflict of Interest Committee may impose.

Respectfully submitted,

Robert A. Hewlett III
Interim Executive Vice President
and Chief Financial Officer
