

THE UNIVERSITY OF MICHIGAN
REGENTS COMMUNICATION

Approved by the
Regents
September 17, 2015

REQUEST FOR ACTION

Subject: Regental Action Under the State of Michigan Conflict of Interest Statute

Action Requested: Authorize Execution of Investment Agreements Under the MINTS Program for Akadeum Life Sciences, Inc.

Background

In December 2011, the Board of Regents approved guidelines for the MINTS ("Michigan Investment in New Technology Startup") program.

The proposed investment agreements (the "Agreements") fall under the State of Michigan Conflict of Interest Statute because the listed Interested Individual is both an employee of the University and has a sufficient pecuniary interest in the Agreements as partial owner of the company. The law permits such an agreement provided it is disclosed to the executive officers and approved in advance by a 2/3 vote of the Board of Regents.

The parties to the Agreements include the University and the entity listed below. The University will receive an equity interest in the entity in return for its investment(s).

No use of University services or facilities, nor any assignment of University employees, is obligated or contemplated under the Agreement.

Under MINTS, the University must co-invest in a financing round together with at least one Qualifying Venture Capital Investment Firm. Agreements standard for venture capital investing will be executed.

The Investment Office is seeking approval for financing agreements up to a total of \$2.5 million in potential investments (through one or more rounds of financing) under MINTS for the following startup:

- **Akadeum Life Sciences, Inc.**, founded in 2014 and headquartered in Ann Arbor, MI, is a life science company that is developing buoyancy activated cell sorting (BACS™) to more easily sort cells to a high purity, especially for large fluidic volumes. Akadeum's technology will improve the life science research and the performance of many diagnostic and analytical platforms.

Interested Individuals:

Brandon H. McNaughton, Ph.D.

College of Engineering: Center for Entrepreneurship, Lecturer

Medical School: Emergency Medicine, Adjunct Assistant Research Scientist

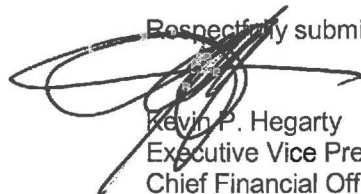

John G. Younger, M.D.

Medical School: Emergency Medicine, Adjunct Professor of Emergency Medicine

We believe state law requirements have been met with the disclosure of the pecuniary interest and formal appointment arrangements with the University of Michigan.

We recommend that the Board of Regents authorize execution of agreements between the University of Michigan and Akadeum Life Sciences, Inc., as set forth above.

Respectfully submitted,

Kevin P. Hegarty
Executive Vice President and
Chief Financial Officer
