

# **The University of Michigan Regents Communication**

## **Request for Action**

**Subject: Regental Action Required Under the State of Michigan Conflict of Interest Statute**

**Action Requested: Authorization for the university to extend a contract with Honey Locust Productions dba Honey Locust Health (University of Michigan Employee, Michael Rubyan, Partner)**

### **Background:**

The University of Michigan Department of Health Management and Policy seeks approval to amend a contract with Honey Locust Productions dba Honey Locust Health for additional features on the development of their hybrid waiver education program and to extend the expiration date for the data modernization program.

The proposed contract falls under the State of Michigan Conflict of Interest Statute as Michael Rubyan is employed by the University as a Clinical Associate Professor with the Department of Health Management and Policy and would be a party to the contract as a partner of Honey Locust Health.

However, the Statute allows the university to enter into such contracts if the following conditions are met:

- 1) The public servant promptly discloses any pecuniary interest in the contract to the official body which has power to approve the purchase, which disclosure shall be a matter of record in its official proceedings.
- 2) The purchase is approved by a vote of not less than 2/3 of the full membership of the approving body in open session without the vote of the public servant making the disclosure.
- 3) The official body discloses the following summary information in its official minutes:
  - a) The name of each party involved in the contract.
  - b) The terms of the purchase, including duration, financial consideration between the parties, facilities or services of the public entity included in the purchase, and the nature and degree of assignment of employees of the public entity for fulfillment of the purchase.
  - c) The nature of any pecuniary interest.

The following information is provided in compliance with the statutory requirements contained in Section (3) above:

- 1) The parties to the contract are the Regents of the University of Michigan and its Department of Health Management and Policy and Honey Locust Productions dba Honey Locust Health.
- 2) The amendment is for an additional three years at \$1,000,000 per year for the hybrid waiver education program, not to exceed \$3,000,000 and to extend the expiration date for the data modernization program until September 30, 2028, with no additional funds being added. Honey Locust Health will supply the necessary resources and personnel to fulfill this contract. The remaining base contract terms and conditions are typical to those used in Procurement Services standard templates for other similar contracts entered into by the Regents.
- a) The pecuniary interest arises from the fact that University of Michigan employee, Michael Rubyan, is a partner of Honey Locust Health.

Michael Rubyan has met state law requirements with the disclosure of his pecuniary interest and formal appointment arrangements with the University of Michigan. Requirements, if any, that may be applicable by the supervisor of Michael Rubyan under the Department of Health Management and Policy or OVP's Conflict of Interest Committee's procedures are separately analyzed and managed.

**We recommend** that the Board of Regents approve the contract between the University of Michigan and Honey Locust Health subject to requirements, if any, that the supervisor of Michael Rubyan or that either the Department of Health Management and Policy or OVP's Conflict of Interest Committee may impose.

Respectfully submitted,

**Robert A. Hewlett III**  
Interim Executive Vice President  
and Chief Financial Officer
