

**SUMMARY OF PERSONNEL ACTIONS
REGENTS AGENDA
December 2009**

ANN ARBOR CAMPUS

1. Recommendations for approval of new appointments and promotions for regular associate and full professor ranks, with tenure.

- (1) Alhawary, Mohammad T., associate professor of Near Eastern studies, with tenure, College of Literature, Science, and the Arts, effective January 1, 2010.
- (2) LeVine, Ann Marie, M.D, associate professor of pediatrics and communicable diseases, with tenure, Medical School, effective December 1, 2009.

2. Recommendations for approval of reappointments of regular instructional staff and selected administrative staff.

- (1) Ball, Deborah Loewenberg, William H. Payne Collegiate Professor of Education, School of Education, effective January 1, 2010 through December 31, 2014 (also Arthur F. Thurnau Professor, dean, and professor of education, with tenure.)
- (2) Deardorff, Alan V., associate dean, Gerald R. Ford School of Public Policy, effective June 1, 2010 through May 31, 2012 (also John W. Sweetland Professor of International Economics, professor of economics and public policy, with tenure, College of Literature, Science, and the Arts, and professor of public policy, with tenure, Gerald R. Ford School of Public Policy.)
- (3) King, John L., vice provost for academic information, Office of the Provost and Executive Vice President for Academic Affairs, effective September 1, 2010 through August 31, 2011 (also William Warner Bishop Collegiate Professor of Information, professor of information, with tenure, School of Information.)
- (4) Silver, Edward A., William A. Brownell Collegiate Professor of Education, School of Education, effective December 1, 2009 through November 30, 2014 (also professor of education, with tenure, School of Education, and professor of mathematics, without tenure, College of Literature, Science, and the Arts.)
- (5) St. John, Edward P., Algo D. Henderson Collegiate Professor of Education, School of Education, effective January 1, 2010 through December 31, 2014 (also professor of education, with tenure.)
- (6) Yaeger, Patricia S., Henry Simmons Frieze Collegiate Professor, College of Literature, Science, and the Arts, effective January 1, 2010 through December 31, 2014 (also professor of English language and literature, with tenure, and professor of women's studies, without tenure.)

**SUMMARY OF PERSONNEL ACTIONS
REGENTS AGENDA
December 2009**

ANN ARBOR CAMPUS

3. Recommendations for approval of joint or additional appointments or transfers of regular associate or full professors and selected academic administrative staff.

- (1) Goold, Susan Dorr, M.D., professor of health management and policy, without tenure, School of Public Health, effective January 1, 2010 (also professor of internal medicine, with tenure, Medical School.)
- (2) Murray, Martin J., professor of sociology, without tenure, College of Literature, Science, and the Arts, effective January 1, 2010 (also professor of urban planning, with tenure, A. Alfred Taubman College of Architecture and Urban Planning.)
- (3) Novak, William J., professor of history, without tenure, College of Literature, Science, and the Arts, effective January 1, 2010 (also professor of law, with tenure, Law School.)
- (4) Raghunathan, Trivellore E., chair, Department of Biostatistics, School of Public Health, effective January 1, 2010 through December 31, 2012 (also professor of biostatistics, with tenure.)
- (5) Violi, Angela, associate professor of macromolecular science and engineering, without tenure, College of Engineering, effective January 1, 2010 (also associate professor of mechanical engineering, with tenure, associate professor of biomedical engineering, without tenure, and associate professor of chemical engineering, without tenure.)

4. Establishing and renaming professorships and selected academic administrative positions.

- (1) Change in name of an existing Endowed Professorship as the George Willis Pack Professorship, School of Natural Resources and Environment, effective January 1, 2010 (currently the George Willis Pack Professorship in Forest Land Management.)

5. Recommendations for approval of other personnel transactions for regular instructional staff and selected academic administrative staff.

- (1) Britton, Steven L., Ph.D., transfer of appointment and tenure to professor of molecular and integrative physiology, without tenure, and professor of anesthesiology, with tenure, Medical School, effective December 1, 2009 (currently professor of molecular and integrative physiology, without tenure, and professor of physical medicine and rehabilitation, with tenure.)

**SUMMARY OF PERSONNEL ACTIONS
REGENTS AGENDA

Recommendations for approval of new appointments
and promotions for regular associate and full professor ranks,
with tenure

THE UNIVERSITY OF MICHIGAN
REGENTS COMMUNICATION

Approved by the Regents
December 17, 2009

ACTION REQUEST: Faculty Appointment Approval

NAME: Mohammad T. Alhawary

TITLE: Associate Professor of Near Eastern Studies, College of Literature, Science, and the Arts

TENURE STATUS: With Tenure

EFFECTIVE DATE: January 1, 2010

APPOINTMENT PERIOD: University Year

On the recommendation of the Executive Committees of the Department of Near Eastern Studies and the College of Literature, Science, and the Arts, we are pleased to recommend the appointment of Mohammad T. Alhawary as associate professor of Near Eastern studies, with tenure, College of Literature, Science, and the Arts, effective January 1, 2010.

ACADEMIC DEGREES

Mohammad Alhawary received his Bachelor of Arts from the University of Damascus in 1989 and Master of Arts from the California University of Pennsylvania in 1993. He attended Georgetown University where he completed his Master of Science in 1996 and Doctorate in 1999.

PROFESSIONAL RECORD

Professor Alhawary began his teaching career as a lecturer at the American University, Washington, D. C., in 1999. Following a one-year visiting appointment, he joined the faculty at the University of Oklahoma as an assistant professor in 2002 and was promoted to associate professor, with tenure, in 2008. He has held the title of Conoco Phillips Professor of Arabic Languages since 2002.

SUMMARY OF EVALUATION

Professor Alhawary's scholarship and publication record are extensive and of consistently excellent quality. Highly regarded by his colleagues, his research focuses on Arabic linguistic theory and the practice of instruction of the Arabic language. In addition to three previous books, he has published a third book with Yale University Press (2009) and has a fourth under contract with Wiley-Blackwell. Professor Alhawary's third book focuses on Arabic second language acquisition, and it bridges theoretical and applied linguistics in exemplary fashion. Highly accessible and lucidly written, the book presents an even-handed review of past and current theoretical models for understanding how students from different primary languages

learn a secondary language with specific reference to Arabic. He has been very active in the field having published in refereed journals, presented his research at numerous conferences, and served the scholarly community.

Professor Alhawary's teaching portfolio is very impressive. He has been very successful in creating and managing a flagship Arabic language program at the University of Oklahoma. He has trained and supervised graduate students and has taught a wide range of classes – language courses at all levels, from beginning to advanced, as well as classes in Arabic literature and culture. His pedagogical abilities, qualifications, and experience combine the best of traditional teaching approaches on solid foundations with cutting edge methodologies in second-language acquisition and Arabic linguistics.

EXCERPTS FROM EXTERNAL LETTERS

Reviewer (A)

“Dr. Al-Hawary [sic] has been a prolific writer... What especially sets him apart from other scholars of his generation is his interest in and commitment to empirical research and the gathering of data for statistical analysis and manipulation, and his numerous papers and presentations on this subject where there is a huge gap and dearth of research.”

Reviewer (B)

“He has distinguished himself as a scholar and researcher through his publications in the field of teaching Arabic as [a] second language.”

Reviewer (C)

“Mohammad is a good example of a serious, committed scholar. His published articles are bound to enrich the Arabic field significantly.”

Reviewer (D)

“His research has dealt with important issues such as language transfer, input, and language processing and how they influence the learning of Arabic by nonnative speakers with varied language backgrounds. He has also been able to draw upon cutting-edge developments in linguistic theory. ... Furthermore, his research agenda combines both theory and practice in a comprehensive and coherent way, which will definitely strengthen the Arabic program at the University of Michigan, and perhaps even serve as a model for language education in general.”

Reviewer (E)

“...[Alhawary] is well equipped to envision a well-rounded program at your institution that combines culture with language instruction. ... I strongly urge his appointment with tenure and recommend him without any reservation.”

Reviewer (F)

“Dr. Alhawary is an energetic scholar and teacher, who will strengthen your Department's offerings in Arabic language and in Arabic linguistics, including both Modern Standard Arabic and Classical Arabic, and will provide valuable help in the teaching of 'Arabic as a Foreign Language' degree program.”

Syrian Arabic through Video, with M. Nydell, et al., National Audiovisual, 1997.

SUMMARY

Professor Alhawary is an excellent scholar, a resourceful teacher, and a fine colleague. We are very pleased to recommend the appointment of Mohammad T. Alhawary as associate professor of Near Eastern studies, with tenure, College of Literature, Science, and the Arts, effective January 1, 2010.

**THE UNIVERSITY OF MICHIGAN
REGENTS' COMMUNICATION**

Approved by the Regents
December 17, 2009

ACTION REQUEST: Faculty Appointment Approval

NAME: Ann Marie LeVine, M.D.

TITLE: Associate Professor of Pediatrics and Communicable
Diseases, Medical School

TENURE STATUS: With Tenure

EFFECTIVE DATE: December 1, 2009

APPOINTMENT PERIOD: 12 Months

On the recommendation of Valerie P. Castle, M.D., the Ravitz Foundation Professor and Chair of the Department of Pediatrics and Communicable Diseases, and with the concurrence of the Executive Committee of the Medical School, I am pleased to recommend the appointment of Ann Marie LeVine, M.D. as associate professor of pediatrics and communicable diseases, with tenure, effective December 1, 2009.

Dr. LeVine received the M.D. degree from the State University of New York at Buffalo in 1988, followed by a pediatric residency at the Children's Hospital of Buffalo. She completed a pediatric critical care fellowship at George Washington University in 1995 and a research fellowship in pulmonary biology at the University of Cincinnati in 1998. That same year, Dr. LeVine joined the faculty at the University of Cincinnati as a research assistant professor of pediatrics (tenure track) and was promoted to research associate professor in 2002. Since 2005, Dr. LeVine has been at the University of Florida where she holds the title of research associate professor of pediatrics, with tenure.

Dr. LeVine's research focuses on lung injury and repair, with an emphasis on respiratory distress syndrome. Current studies in her laboratory focus on the role of cytokines in asthma and Aspergillus exposure in a mouse model of cystic fibrosis. Her research has been funded by grants from the National Institutes of Health and the American Lung Association. Currently, she is supported by a Children's Miracle Network Award at the University of Florida. Dr. LeVine's bibliography reflects 24 peer-reviewed publications, co-authorship of six book chapters, and numerous abstracts. She has presented at seminars and conferences sponsored by professional organizations and academic institutions in this country and South Africa. As further evidence of her expertise in the field, Dr. LeVine is an ad hoc reviewer for 12 specialty journals and is an ad hoc grant reviewer for the National Institutes of Health.

Recent and Significant Publications

LeVine AM, Elliott J, Whitsett J, Srikiatkachorn A, Crouch E, DeSilva N, Korfhagen T: Surfactant protein-D enhances phagocytosis and pulmonary clearance of respiratory syncytial virus. *Am J Respir Cell Mol Biol* 31:193-199, 2004.

Senft AP, Korfhagen TR, Whitsett JA, Shapiro SD, LeVine AM: Surfactant protein-D regulates soluble CD14 through matrix metalloproteinase-12. *J Immunol* 174:4953-4959, 2005.

Senft A, Korfhagen T, Whitsett JA, LeVine AM: Surfactant protein-D regulates the cell surface expression of alveolar macrophage beta-2 integrin. *Am J Physiol Lung Cell Mol Physiol* 292:L469-L475, 2007.

Ramadas R, Wu L, LeVine AM: Surfactant protein-A enhances production of secretory leukoprotease inhibitor and protects it from cleavage by matrix metalloproteinases. *J Immunol* 182:1560-1567, 2009.

Gil M, McCormack FX, LeVine AM: Surfactant protein-A modulates cell surface expression of CR3 on alveolar macrophages and enhances CR3-mediated phagocytosis. *J Biol Chem* 284:7495-7504, 2009.

Dr. LeVine is involved in educating residents and fellows primarily during her clinical service activities. She also has trained undergraduate students, postdoctoral fellows and clinical fellows. Dr. LeVine has organized lectures for fellows and presented at pediatric grand rounds, as well as pediatric fellow seminars. Comments from trainees note her enthusiasm and skill as a teacher and mentor. In addition to her clinical teaching, Dr. LeVine has organized a grant writing course which she has presented in national venues. She currently is director of the critical care fellowship program at the University of Florida, and it is planned that she will have a similar directorship role at the University of Michigan.

External Review: Brief excerpts from external reviewers are provided below:

Reviewer A: "With regards to Dr. LeVine's impact in her field, there can be little doubt. Anne Marie is one of the foremost researchers in the field of surfactant protein A, innate immunity, and pulmonary regulation of bacterial clearance. She is clearly looked upon by her peers as an expert in the field of pulmonary pathology and immunology."

Reviewer B: "Dr. LeVine's corpus of work and professional niche places her in a limited highly skilled group of individuals. There are few pediatric critical care practitioners that are well published and extramurally funded scientists. . . . I believe that Ann Marie LeVine's professional career, her excellence in scholarship and educational efforts in regards to research, along with volunteerism at the national level meets and in some areas exceeds the expectations for individuals in the instructional track."

Reviewer C: "Dr. LeVine clearly fulfills all the requirements for appointment as an associate professor with tenure. . . . She has significant national reputation, has maintained an

independent research career for the last several years, is a talented teacher, and I have no reason to believe that she is anything but a stellar clinician.”

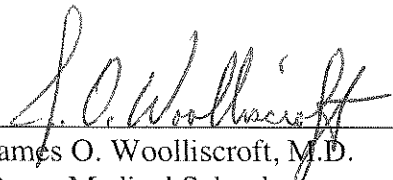

Reviewer D: “Throughout her research career she has maintained a consistent focus evaluating the effects of common viral infections on surfactant proteins and helping to elucidate their importance in host defense. She is nationally recognized for her expertise in this area. I believe Ann Marie is one of the few pediatric critical care faculty who indeed are triple threats.”

Reviewer E: “Dr. Levine has been an influential investigator in the study of surfactant proteins and their role in host defense and innate immunity. Her list of publications includes many important papers in outstanding journals. . . . Thus, based upon her strong publication record and her track record in obtaining extramural funding, Dr. LeVine has clearly demonstrated her commitment to excellence in research.”

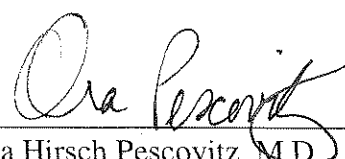

Dr. LeVine currently serves as director of the pediatric critical care medicine fellowship program at the University of Florida. This administrative experience will be most valuable to our institution as she will assume the same role in the Department of Pediatrics and Communicable Diseases. As a fellowship trained, board certified pediatrician, Dr. LeVine also will provide clinical services in the pediatric intensive care unit.

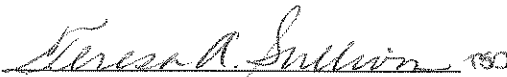

Dr. LeVine is an extremely talented and dedicated physician-scientist and educator. Her recruitment to the University of Michigan will fill a critical need within the Division of Pediatric Critical Care Medicine. I am very pleased, therefore, to recommend the appointment of Ann Marie LeVine, M.D. as associate professor of pediatrics and communicable diseases, with tenure.

ACTION REQUEST: Approval of Reappointment to a Collegiate Professorship

NAME: Deborah Loewenberg Ball

CURRENT TITLES: Arthur F. Thurnau Professor, William H. Payne Collegiate Professor of Education, Dean, and Professor of Education, with tenure, School of Education

TITLE BEING RENEWED: William H. Payne Collegiate Professor of Education, School of Education

TERM: Five Years, Renewable

EFFECTIVE DATES: January 1, 2010 through December 31, 2014

On the recommendation of the Executive Committee of the School of Education, I am pleased to recommend the reappointment of Deborah Loewenberg Ball as the William H. Payne Collegiate Professor of Education, School of Education, for a five-year renewable term, effective January 1, 2010 through December 31, 2014.

William H. Payne was the first chair of the "art and science of pedagogy" at the University of Michigan. When President James Angell created a special chair of the art and science of pedagogy in 1879, William H. Payne was an excellent candidate for the position. Professor Payne led the organizational work needed for the newly developed education department. Moreover, as chair, he was also a distinctive innovator responsible for the formation of teacher education at Michigan. Principles he pursued include the special disciplinary preparation of teachers, equipping them to understand subjects in ways that would enable them to help others learn those subjects. This phenomenon is an enduring problem of teacher education that Payne understood and sought to solve. A stipend funded from School resources will accompany this professorship.

Professor Ball received her B.A., M.A. and Ph.D. degrees from Michigan State University in 1976, 1982 and 1988 respectively. From 1975 to 1988, she was an elementary classroom teacher for the East Lansing Public Schools, and from 1988 to 1992 she was a third and fourth grade mathematics teacher at Spartan Village School, East Lansing. She joined Michigan State University in 1988 as an assistant professor and was promoted to associate professor in 1991. Professor Ball joined the faculty of the University of Michigan in 1996 as a professor. She was named an Arthur F. Thurnau Professor effective July 1, 2000.

The foci of Professor Ball's recent work have been on mathematical knowledge for teaching (MKT) and its relationship to the quality of instruction and to students' achievement gains, including the development and study of materials to support teachers' learning of MKT; and conceptual analyses of the work of teaching and the problems of teacher education.

Her work on MKT centers on understanding the nature of the mathematical knowledge entailed by teaching, how it can be validly measured, and how teachers can acquire and use MKT. This research has been an ongoing program of work, beginning with Professor Ball's dissertation more than two decades ago, and continuing through two major studies of reform and school improvement in which one of the key variables was teachers' understanding of mathematics. In this area, she has published 13 articles and four book chapters.

In Professor Ball's work on teaching and problems of teacher education, she has begun analyzing the problems of teacher education in this country, considering the challenges to teacher certification, to "traditional" professional training and the arguments over "alternative routes," the relationship of the curriculum of teacher education to professional practice and licensure and how this compares across fields. In this area, she has published two articles.

She is renowned as a leader and expert in her field, having been elected to the National Academy of Education in 2007, receiving the Louise Hay Award for Outstanding Contributions to Mathematics Education from the Association for Women in Mathematics in 2008, and receiving the Outstanding Contributions to Mathematics Education Award from the Michigan Council of Teachers of Mathematics in 2008.

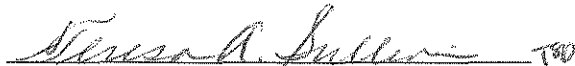

I am pleased to recommend the reappointment of Deborah Loewenberg Ball as the William H. Payne Collegiate Professor of Education, School of Education, for a five-year renewable term, effective January 1, 2010 through December 31, 2014.

ACTION REQUEST: Reappointment of an Academic Administrative Appointment for a Faculty Member

NAME: Alan V. Deardorff

CURRENT TITLES: John W. Sweetland Professor of International Economics, Professor of Economics and Public Policy, with tenure, College of Literature, Science, and the Arts, Professor of Public Policy, with tenure, and Associate Dean, Gerald R. Ford School of Public Policy

TITLE BEING RENEWED: Associate Dean, Gerald R. Ford School of Public Policy

EFFECTIVE DATES: June 1, 2010 through May 31, 2012

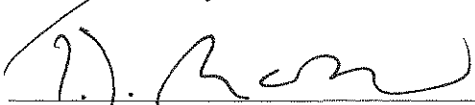

The Dean and the Executive Committee of the Gerald R. Ford School of Public Policy recommend the reappointment of Alan V. Deardorff as associate dean, Gerald R. Ford School of Public Policy, for a two year term, effective June 1, 2010 through May 31, 2012.

Alan V. Deardorff was educated at Stanford (B.S., 1966), and Cornell (M.A., 1969, Ph.D., 1971). He joined the faculty at the University of Michigan as a lecturer in 1970, was promoted to assistant professor in 1971, to associate professor in 1975, to professor in 1980, and is currently the John W. Sweetland Professor of International Economics.

The associate dean is responsible for organizing the curriculum of the Ford School, and interacts with faculty and students around issues relating to the teaching mission of the School. Professor Deardorff is a long-time faculty member at the Ford School who is respected by his colleagues and his students. He will provide strong and effective leadership in the associate dean position. Furthermore, Professor Deardorff has a strong reputation as one of the world's top academic scholars in the field of international trade and is a regular participant in academic and policy-related conversations about issues of economic globalization.

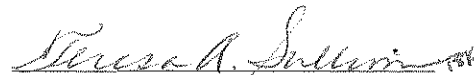

We are very pleased to recommend the reappointment of Alan V. Deardorff as associate dean, Gerald R. Ford School of Public Policy, effective June 1, 2010 through May 31, 2012.

ACTION REQUEST: Reappointment of an Academic Administrative
Appointment for a Faculty Member

NAME: John L. King

CURRENT TITLES: William Warner Bishop Collegiate Professor of
Information, Professor of Information, with tenure,
School of Information, and Vice Provost for Academic
Information, Office of the Provost and Executive Vice
President for Academic Affairs

TITLE BEING RENEWED: Vice Provost for Academic Information, Office of the
Provost and Executive Vice President for Academic Affairs

EFFECTIVE DATES: September 1, 2010 through August 31, 2011

I am pleased to recommend the reappointment of John L. King as vice provost for academic information, Office of the Provost and Executive Vice President for Academic Affairs, for an additional one year, effective September 1, 2010 through August 31, 2011.

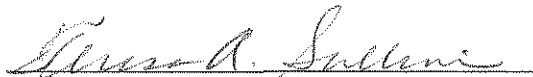

Professor King has worked tirelessly and collaboratively with the provost and others across campus in the governance of many of the University's primary information technology operations, including IT Central Services, the IT Commons, and the Digital Media Commons. As a result of his efforts, the Duderstadt Center and the Digital Media Commons were moved organizationally into the University Library, creating synergies among these valuable university assets that will be beneficial to the campus for years to come. His efforts have and will continue to focus on "learning technologies," including the exploration and support of ePortfolio with the Office of the Vice President for Student Affairs, and the leadership of the Public Goods Council. The extension of Professor King's appointment will make it possible for him to bring important initiatives to fruition.

John L. King received his B.A. degree in philosophy in 1972 from the University of California, Irvine, and an M.S. and Ph.D. degrees in 1974 and 1977, respectively, from the Graduate School of Administration at UC-Irvine. He was recruited to the University of Michigan in 2000 to become the dean of the School of Information and professor of information. He joined the Office of the Provost and Executive Vice President for

Academic Affairs in 2006. Prior to arriving at Michigan, he was a professor of information and computer science and management, and a research scientist in the Center for Research on Information Technology and Organizations at UC-Irvine, and he served as university librarian. Professor King also currently holds the titles of William Warner Bishop Collegiate Professor of Information, and professor of information, with tenure, in the School of Information.

It is with great enthusiasm that I recommend the reappointment of Professor John L. King as vice provost for academic information, Office of the Provost and Executive Vice President for Academic Affairs, for an additional year, effective September 1, 2010 through August 31, 2011.

Respectfully submitted,

Teresa A. Sullivan
Provost and Executive Vice President

ACTION REQUEST: Approval of Reappointment to a Collegiate Professorship

NAME: Edward A. Silver

CURRENT TITLES: William A. Brownell Collegiate Professor of Education, Professor of Education, with tenure, School of Education, and Professor of Mathematics, without tenure, College of Literature, Science, and the Arts

TITLE BEING RENEWED: William A. Brownell Collegiate Professor of Education, School of Education

TERM: Five Years, Renewable

EFFECTIVE DATES: December 1, 2009 through November 30, 2014

On the recommendation of the Executive Committee of the School of Education, we are pleased to recommend the reappointment of Edward A. Silver as the William A. Brownell Collegiate Professors of Education, School of Education, for a five-year renewable term, effective December 1, 2009 through November 30, 2014.

Professor Brownell's research centered on human learning with particular reference to arithmetic. His work presaged and gave systematic substance to what has more recently become known as cognitive learning though he characterized his point of view as the "meaning theory." In developing it, he laid the foundation for the emergence of what was to be known as the "new mathematics." He showed that comprehension, not sheer repetition is primarily the basis for children's mathematical learning. He was not only interested in theory and research but he actively applied these principles to mathematical education. During a time when it was popular to leave arithmetic in grades one and two to incidental teaching, he insisted on systematic instruction. As dean at Berkeley, he carried forward his interests in research and gave personal attention to the quality of research by doctoral candidates. A stipend funded from School resources will accompany this professorship.

Professor Silver received his BA, magna cum laude, from Iona College in 1970. He attended Columbia University where he received his MA in 1973, MS in 1977 and Ph.D. in 1977. Professor Silver began his career as a middle school teacher of mathematics and science at Angela Merici School in New York in 1971. In 1974 he joined the faculty at LaGuardia Community College as an adjunct instructor and was a high school physical science teacher during this same period. In 1977 he became an assistant professor at Northern Illinois University and in 1979 went to San Diego State University where he was promoted through the ranks to professor in 1984. In 1985 he became the director of the Center for Research in

Mathematics and Science Education. In 1987 he went to the University of Pittsburgh. He joined the faculty of the University of Michigan in 2000 as professor. In recent years, he has provided leadership for the School of Education, serving as chair of our Educational Studies program and as associate dean for academic affairs. He is currently co-editor of *The Elementary School Journal*, with the editorial offices housed at the School of Education.

Professor Silver is a renowned mathematics educator who holds master's and doctoral degrees in mathematics education. His expertise and reputation are evident in his receiving two important awards in the last year: In April 2009 he was awarded a Lifetime Achievement Award for Distinguished Service to Mathematics Education by the National Council of Teachers and Mathematics. In November 2009 he received the Distinguished Alumnus Award from the Department of Mathematics, Science, and Technology at Teachers College, Columbia University.

He teaches and advises graduate students in mathematics education. His recent work has been directed towards enhancing the knowledge and proficiency and current areas of exploration have included the use of visually oriented processes in problem solving, teachers' orientations toward proficiency with classroom instruction that involves having students present multiple solutions for a complex problem, and analyzing critical mathematical and pedagogical features of lesson artifacts contained in portfolio entries submitted by teachers.

We are pleased to recommend the reappointment of Edward A. Silver as the William A. Brownell Collegiate Professor of Education, School of Education, for a five-year renewable term, effective December 1, 2009 through November 30, 2014.

On the recommendation of the Executive Committee of the School of Education, I am pleased to recommend the reappointment of Edward P. St. John as the Algo D. Henderson Collegiate Professor of Education, School of Education, for a five-year renewable term, effective January 1, 2010 through December 31, 2014.

Professor Algo D. Henderson was a professor of higher education at the University of Michigan from 1950 until his retirement in 1967; here, he created the first doctoral program in higher education administration in the United States and was the founding director of what is now the Center for the Study of Higher and Postsecondary Education. A stipend funded from School resources will accompany this professorship.

Professor St. John received his B.S. in 1973, a M.Ed. in 1974 both from the University of California, Davis and his Ed.D. from Harvard University in 1978. He served as associate director for research and planning at Missouri Department of Higher Education from 1978-80; consultant on postsecondary education 1980-81, Office of Planning, Budget and Evaluation, U.S. Department of Education; a visiting fellow and lecturer in 1981 at the University of New England, Australia. From 1982-85 he was at Advanced Technology Inc., Reston, Virginia and from 1985-89 was an executive officer and senior associate at Pelavin Associates, Inc., St. Helena, California and Washington, DC. In 1989, he was appointed as an associate professor (with tenure) and promoted in 1993 to professor at the University of New Orleans. In 1996-97, he was appointed professor of educational administration and director of the Center for Public Policy Research at the University of Dayton. In 1998, he was appointed professor of educational leadership and policy studies at Indiana University. He also served as director of the Indiana Education Policy Center from 1998-2002 and from 1999-2002 as program chair of Higher Education and Student Affairs Program. He joined the faculty at the University of Michigan as a professor on January 1, 2005.

Professor St. John's research has focused on building frameworks for understanding K-16 education and building understanding of critical social issues in education and social policy related to K-20 education. Through books and book chapters, he has worked to redefine educational access issues using a framework that includes social equity in addition to academic standards. He has also examined the roles of public finance of K-12 and higher education and postsecondary encouragement play in influencing equity in college preparation, access, choice, and success.

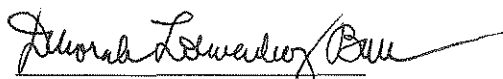

He has also been working with the theory of moral reasoning in professional practice, which led to the publication of first the book *Action, Reflection, and Social Justice: Integrating Moral Reasoning into Professional Development* and later a textbook, *College Organization and Professional Development: Integrating Moral Reasoning and Reflective Practice*, that moves the theories into content and pedagogical forms that can be used in leadership courses in education.

In addition to his scholarship, Professor St. John has worked on behalf of the school and the university, serving on a number of department, school, and university committees. These include the school's Tenure and Promotion Committee and Executive Committee. He has been involved in several university-level efforts relating to diversity, including the M-STEM Academy and the National Center for Institutional Diversity.

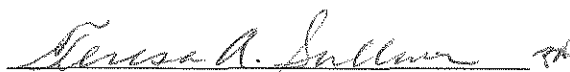

I am pleased to recommend the reappointment of Edward P. St. John as the Algo D. Henderson Collegiate Professor of Education, School of Education, for a five-year renewable term, effective January 1, 2010 through December 31, 2014.

ACTION REQUEST: Approval of Reappointment to a Collegiate Professorship

NAME: Patricia S. Yaeger

CURRENT TITLES: Henry Simmons Frieze Collegiate Professor, Professor of English Language and Literature, with tenure, and Professor of Women's Studies, without tenure, College of Literature, Science, and the Arts

TITLE BEING RENEWED: Henry Simmons Frieze Collegiate Professor, College of Literature, Science, and the Arts

TERM: Five Years, Renewable

EFFECTIVE DATES: January 1, 2010 through December 31, 2014

With the approval of the Executive Committee of the College of Literature, Science, and the Arts, we are pleased to recommend the reappointment of Patricia S. Yaeger as the Henry Simmons Frieze Collegiate Professor, College of Literature, Science, and the Arts, for a five-year renewable term, effective January 1, 2010 through December 31, 2014.

Henry Simmons Frieze was a faculty member in the late nineteenth century. He served as president pro tem of the University (1869-1871) and was appointed as the first dean of what would become the College of Literature, Science, and the Arts (1975). The Henry Simmons Frieze Collegiate Professorship was established by the Regents in June 1999. A stipend funded from College resources accompanies this professorship.

Patricia Yaeger received her Bachelor of Arts from Bryn Mawr College in 1971 and Doctorate at Yale University in 1980. Professor Yaeger was an assistant professor at Williams College (1979-1983) and had a Mellon Fellowship at the University of Pennsylvania (1983-1984). She moved to Harvard University where she was a lecturer (1984-1986), head tutor (1986-1989), and associate professor (1989-1990). She joined our faculty in 1990 as an associate professor, with tenure, and was promoted to professor in 1999. She has held the Frieze Collegiate Professorship since 2005.

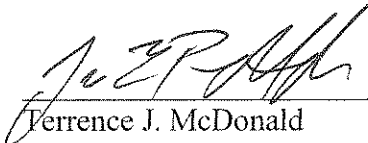

Professor Yaeger is a very productive and internationally prominent senior scholar. She began her initial five-year term as a collegiate professor with an appointment as editor of *PMLA*, the flagship journal of the Modern Language Association and the single most visible and highly regarded journal in literary studies. She contributed seven editorial columns to *PMLA* as well as publishing four book articles in collections and three articles in peer-reviewed journals. She is working on two new book projects and has presented parts of them in keynote, plenary, and other invited lectures in four countries.

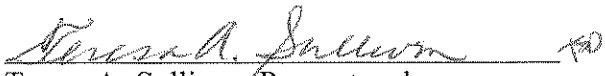

Professor Yaeger has continued to offer original courses at all levels in the department curriculum and to work individually with numerous honors and graduate students. She has served on the college's Humanities Divisional Evaluation Committee and the departmental Executive Committee. She has also contributed generously to hiring, mentoring, and other service activities.

We are very pleased to recommend the reappointment of Patricia S. Yaeger as the Henry Simmons Frieze Collegiate Professor, College of Literature, Science, and the Arts, for a five-year term, effective January 1, 2010 through December 31, 2014.

ACTION REQUEST: Joint Appointment for a Faculty Member

NAME: Susan Dorr Goold, M.D.

CURRENT TITLE: Professor of Internal Medicine, with tenure, Medical School

ADDITIONAL TITLE: Professor of Health Management and Policy, without tenure, School of Public Health

EFFECTIVE DATE: January 1, 2010

On the recommendation of the Dean and Executive Committee of the School of Public Health, and with the endorsement of the Medical School, we are pleased to recommend the joint appointment of Susan Dorr Goold, M.D., as professor of health management and policy, without tenure, School of Public Health, effective January 1, 2010.

Dr. Goold received her M.D. degree in 1987 and her M.H.S.A. degree in 1992, both from the University of Michigan. She also received an M.A. in philosophy from Michigan State University in 1994. Dr. Goold joined the faculty of internal medicine in 1994, was promoted to associate professor, with tenure, in 2001, and to professor in 2009. She is also the director of the Campus Bioethics Program.

Dr. Goold's research focuses on ethical issues in medical care and in public policy related to health care. She is one of a handful of scholars in the U.S. investigating the use of deliberative procedures to engage citizens in policy making and to study public views, values and preferences related to a complex policy question. In addition to her research, she has developed an interactive game that can be used by citizens and policymakers to aid deliberations about public health priorities and resource allocation. She has several current research and teaching connections to health management and policy (HMP) and other units in the School of Public Health. Dr. Goold has guest taught in the HMP ethics course (and we expect her to assume responsibility for this course when the current instructor retires), and has guest taught in the public health ethics course in the Department of Health Behavior and Health Education. She is serving on a dissertation committee for a doctoral student in HMP and is also collaborating on a public health ethics research project with a HMP faculty member and two doctoral students.

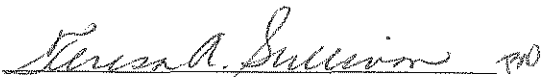

We are pleased to recommend the joint appointment of Susan Dorr Goold, M.D., as professor of health management and policy, without tenure, School of Public Health, effective January 1, 2010.

ACTION REQUEST: Joint Appointment for a Faculty Member

NAME: Martin J. Murray

CURRENT TITLE: Professor of Urban Planning, with tenure, A. Alfred Taubman College of Architecture and Urban Planning

ADDITIONAL TITLE: Professor of Sociology, without tenure, College of Literature, Science, and the Arts

EFFECTIVE DATE: January 1, 2010

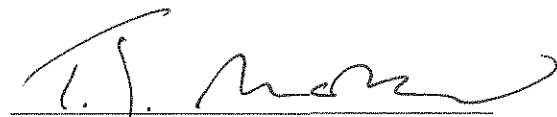

On the recommendation of the Executive Committees of the Department of Sociology and the College of Literature, Science, and the Arts, and with the endorsement of the A. Alfred Taubman College of Architecture and Urban Planning, we are pleased to recommend the joint appointment of Martin J. Murray as professor of sociology, without tenure, College of Literature, Science, and the Arts, effective January 1, 2010.

Professor Murray joined the A. Alfred Taubman College of Architecture and Urban Planning faculty in September 2009. He earned his Doctorate in sociology from the University of Texas at Austin in 1975 and he has held appointments in sociology departments throughout his career. Additionally, he is one of a small group of sociologists with regional expertise on Africa, a setting that he has explored from a number of different perspectives, including his most recent focus on the urban landscape of Johannesburg. Drawing on diverse theoretical strands influenced by Marxism, world systems theory, and post-modernism, his work displays the strengths that can be found in a more synthetic approach. The Department of Sociology looks forward to his participation in the wider intellectual life of their unit. In the future, there are also plans to explore teaching options.

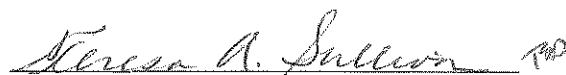

We are very pleased to recommend the joint appointment of Martin J. Murray as professor of sociology, without tenure, College of Literature, Science, and the Arts, effective January 1, 2010.

NAME: William J. Novak
CURRENT TITLE: Professor of Law, with tenure, Law School
ADDITIONAL TITLE: Professor of History, without tenure, College of Literature,
Science, and the Arts
EFFECTIVE DATE: January 1, 2010

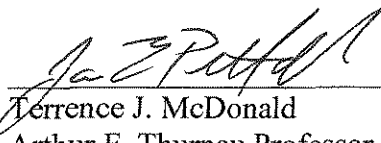

On the recommendation of the Executive Committees of the Department of History and the College of Literature, Science, and the Arts, and with the endorsement of the Law School, we are pleased to recommend the joint appointment of William J. Novak as professor of history, without tenure, College of Literature, Science, and the Arts, effective January 1, 2010.

Professor Novak is a highly regarded historian who joined the Law School faculty in September 2009. He earned his Doctorate in the history of American civilization from Brandeis University in 1991 and is best known for his book, *The People's Welfare: Law and Regulation in Nineteenth-Century America* (University of North Carolina Press, 1996), widely considered to be a major achievement in American legal history. He is currently co-teaching a legal history workshop with participation from history undergraduate as well as graduate students. He is also working with a history faculty member in planning for a formal joint degree program between the Law School and the Department of History.

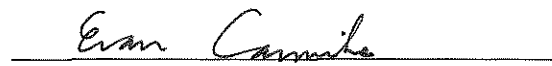

We are very pleased to recommend the joint appointment of William J. Novak as professor of history, without tenure, College of Literature, Science, and the Arts, effective January 1, 2010.

ACTION REQUEST: Academic Administrative Appointment for a Faculty Member
NAME: Trivellore E. Raghunathan
CURRENT TITLE: Professor of Biostatistics, with tenure, School of Public Health
ADDITIONAL TITLE: Chair, Department of Biostatistics, School of Public Health
EFFECTIVE DATES: January 1, 2010 through December 31, 2012

The Dean and Executive Committee of the School of Public Health recommend the appointment of Trivellore E. Raghunathan as chair, Department of Biostatistics, School of Public Health, for a three-year term, effective January 1, 2010 through December 31, 2012.

Professor Raghunathan received a B.Sc. in 1977 and a M.Sc. in 1979, both from Nagpur University, India. In 1983, he received a M.S. in statistics from Miami University, Oxford, Ohio. He received a Ph.D. in statistics from Harvard University in 1987.

Professor Raghunathan served as an assistant professor of biostatistics at the University of Washington from 1987-1994. In 1994, he joined the University of Michigan with a primary appointment as associate research scientist at the Institute for Social Research (ISR) and as associate professor of biostatistics, without tenure; he was awarded tenure in 2000. Professor Raghunathan was promoted to senior associate research scientist at ISR in 1997. In 2002, he was promoted to professor of biostatistics in the School of Public Health, and senior research scientist at ISR.

Professor Raghunathan's record in interdisciplinary research is second to none. He is the director of the Biostatistics Collaborative and Methodology Research Core (BCMRC), a research unit designed to foster collaborative and methodological research with the researchers in other departments in the School of Public Health and other allied schools. He serves as associate director of the Center for Research on Ethnicity, Culture and Health (CRECH), is a faculty member at the Center of Social Epidemiology and Population Health (CSEPH), and is also affiliated with the University of Michigan Transportation Research Institute (UMTRI). Professor Raghunathan is internationally recognized for his research on the statistical analysis of surveys and epidemiological data. His primary research interest is in developing methods for dealing with missing data in sample surveys and in epidemiological studies. He has developed SAS based software, IVEWARE, for performing multiple imputation analysis and the analysis of complex survey data. Other research interests include Bayesian methods, methods for small area estimation, combining information from multiple surveys, measurement error models, longitudinal data analysis, privacy, confidentiality and disclosure limitations and statistical

methods for epidemiological studies. His applied interests include cardiovascular epidemiology, social epidemiology, health disparity, health care utilization, and social and economic sciences.

Professor Raghunathan is highly respected by his colleagues, and will provide strong and effective leadership for the department. He has excelled in teaching, and his service to the university and to his professional community has been excellent. The Executive Committee and I recommend with enthusiasm the appointment of Trivellore E. Raghunathan as chair, Department of Biostatistics, School of Public Health, effective January 1, 2010 through December 31, 2012.

ACTION REQUEST: Additional Appointment for a Faculty Member

NAME: Angela Violi

CURRENT TITLES: Associate Professor of Mechanical Engineering, with tenure, Associate Professor of Biomedical Engineering, without tenure, and Associate Professor of Chemical Engineering, without tenure, College of Engineering

ADDITIONAL TITLE: Associate Professor of Macromolecular Science and Engineering, without tenure, College of Engineering

EFFECTIVE DATE: January 1, 2010

On the recommendation of the Executive Committee of the College of Engineering and with the endorsements of the Department of Mechanical Engineering and the director of the Macromolecular Science and Engineering program, I am pleased to recommend the additional appointment of Angela Violi as associate professor of macromolecular science and engineering, without tenure, College of Engineering, effective January 1, 2010.

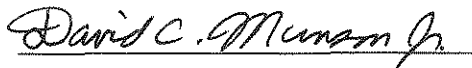

Professor Violi graduated from the University of Naples “FedericoII”, Italy with a B.S. in chemical engineering in 1994 and continued on to receive her Ph.D. in chemical engineering in 1999. Professor Violi served as a post-doctoral research assistant at the University of Utah from 1991-2001 and as a research scientist from 2002-2005. In addition, she was appointed as a research assistant professor from 2004-2005. Professor Violi joined the University of Michigan as an assistant professor in 2006. She was promoted to associate professor, with tenure, in 2009.

Professor Violi’s research interest is in multiscale processes occurring in reactive systems, with applications crosscutting combustion, nanoscience and biology. Professor Violi tackles a large range of scientific problems from the fundamental science of quantum chemistry, statistical mechanics and reaction rate theories, to the realm of engineering simulations. She has pioneered the use of Kinetic Monte Carlo and Molecular Dynamics for bridging the time scales in the growth of the carbon nanocluster systems within the combustion environment. The combination of the advanced modeling methods in a multiscale approach allowed her to address questions that her research community had not been able to answer in the past. This work has been recognized as exceptionally original from the combustion community and it has shed new light on the fundamental understanding of nanoparticle formation in high-temperature, chemically reacting flows.

With this additional appointment, Professor Violi is ideally suited to assist the Macromolecular Science and Engineering program by her active involvement with research and students. I am pleased to recommend the additional appointment of Angela Violi as associate professor of macromolecular science and engineering, without tenure, College of Engineering, effective January 1, 2010.

ACTION REQUEST: Change in Name of an Existing Endowed Professorship

CURRENT TITLE: George Willis Pack Professorship in Forest Land Management,
School of Natural Resources and Environment

RECOMMENDED TITLE: George Willis Pack Professorship, School of Natural Resources and
Environment

EFFECTIVE DATE: January 1, 2010

We recommend the title of the George Willis Pack Professorship in Forest Land Management be changed to the George Willis Pack Professorship, School of Natural Resources and Environment, effective January 1, 2010.

In 1930, the Regents of the University of Michigan established the George Willis Pack Professorship in Forest Land Management, upon receipt of a \$200,000 endowment gift. The purpose of the professorship was the "promotion of practical forest land management in the broadest sense of the term.

In 1989, the University counsel interpreted the original documentation on the professorship to be that it is to recognize teaching and research, in areas of forest conservation, land use management, and the contribution of natural resources to the national economy.

In 2000, the School of Natural Resources and Environment's Dean, in consultation with the Provost, again revisited the University's position and determined that, while the School needed to make every effort to respect the intent of the donor in assigning a professorship, that intent also needed to be understood in view of contemporary approaches and issues of concern in natural resources and the environment. Based on the language of the bequest and the 1989 interpretation, it was determined that the recipient of the chair should be someone with demonstrated outstanding accomplishments in one or more of the following areas: terrestrial systems; land use management; resources and the economy; and/or ecosystem management.

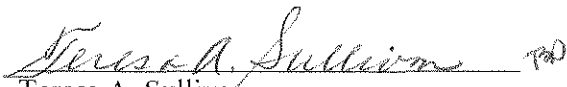

It is for the rationale outlined above that we are pleased to recommend the title of the George Willis Pack Professorship in Forest Land Management be changed to the George Willis Pack Professorship, School of Natural Resources and Environment, effective January 1, 2010.

ACTION REQUEST: Transfer of Appointment and Tenure for a Faculty Member

NAME: Steven L. Britton, Ph.D.

CURRENT TITLES: Professor of Molecular and Integrative Physiology, without tenure, and Professor of Physical Medicine and Rehabilitation, with tenure, Medical School

RECOMMENDED TITLES: Professor of Molecular and Integrative Physiology, without tenure, and Professor of Anesthesiology, with tenure, Medical School

EFFECTIVE DATE: December 1, 2009

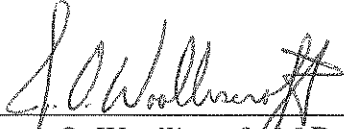

On the recommendation of Kevin K. Tremper, Ph.D., M.D., the Robert B. Sweet Professor and Chair of the Department of Anesthesiology, and Edward A. Hurvitz, M.D., the James W. Rae Collegiate Professor and Chair of the Department of Physical Medicine and Rehabilitation, and with the concurrence of the Executive Committee of the Medical School, I am pleased to recommend the transfer of the appointment and tenure for Steven L. Britton, Ph.D., from professor of physical medicine and rehabilitation, with tenure, to professor of anesthesiology, with tenure, effective December 1, 2009.

Dr. Britton received the Ph.D. degree in physiology from Texas Tech University in 1978, and completed a postdoctoral fellowship in physiology and biophysics at the Mayo Clinic and Mayo Medical School in Rochester, Minnesota. Dr. Britton joined the faculty at the University of Michigan in 2004 as professor of physical medicine and rehabilitation, with tenure, with a secondary appointment as professor of molecular and integrative physiology, without tenure.

Dr. Britton is a recognized authority on genetic models of aerobic capacity and endurance performance. His work has generated tremendous attention worldwide because of its application to human medicine, genetics, and exercise physiology. Recently, his research interests have become more aligned with the Department of Anesthesiology, and the department wishes to support the continued development of his research program. With this appointment and tenure transfer, the Department of Anesthesiology will be responsible for Dr. Britton's tenure and salary, as well as providing appropriate resources, laboratory space and equipment, for him to pursue his research activities. Dr. Britton will retain his secondary appointment as professor of molecular and integrative physiology, without tenure.

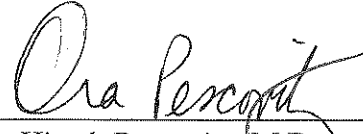

Dr. Britton is a productive scientist and educator. This transfer action will provide him with greater opportunities to expand his research program. I am very pleased, therefore, to recommend the transfer of the appointment and tenure for Steven L. Britton, Ph.D., from the Department of Physical Medicine and Rehabilitation to the Department of Anesthesiology as professor of anesthesiology, with tenure.

NAME: Michael D. Harkness
CURRENT TITLES: Chair, Department of Accounting and Finance, and Associate Professor of Accounting and Finance, with tenure, College of Business
TITLE BEING RENEWED: Chair, Department of Accounting and Finance, College of Business
EFFECTIVE DATES: January 1, 2010 through December 31, 2012

On the recommendation of the Dean of the College of Business, and the Provost and Vice-Chancellor for Academic Affairs, I am pleased to recommend the reappointment of Michael D. Harkness as chair, Department of Accounting and Finance, College of Business, effective January 1, 2010 through December 31, 2012.

Michael Harkness received his Bachelor of Science degree in accounting in 1991; Master of Accountancy in 1992; and Ph.D. in accounting in 1999. All degrees were conferred at the University of South Florida. Professor Harkness joined the faculty of the College of Business, University of Michigan-Dearborn, in 1997.

Professor Harkness currently serves on the College's Curriculum Committee. Nationally, he has served as the Midwest region liaison for the Information Technology Section, reviewer for the Midwest Regional Conference and the Best Practices in Assessment Committee for the American Accounting Association.

We are very pleased to recommend the reappointment of Michael D. Harkness as chair, Department of Accounting and Finance, College of Business, effective January 1, 2010 through December 31, 2012.

ACTION REQUEST: Reappointment of an Academic Administrative Appointment for a Faculty Member

NAME: Mary L. Trepanier-Street

CURRENT TITLES: Associate Dean, and Professor of Education, with tenure, School of Education

TITLE BEING RENEWED: Associate Dean, School of Education

EFFECTIVE DATES: January 1, 2010 through June 30, 2010

The Dean and the Executive Committee of the School of Education along with the Provost and Vice Chancellor for Academic Affairs recommend the reappointment of Mary L. Trepanier-Street as associate dean, School of Education, effective January 1, 2010 through June 30, 2010.

Professor Trepanier-Street received her B.A. in child development, elementary education at Marygrove College in 1971 and her M.Ed. in educational psychology at Miami University in Oxford, Ohio in 1972. In 1978 she earned her Ed.D. in development, learning and instruction at the University of Rochester in New York. Professor Trepanier-Street was hired by the School of Education in 1977 as an instructor, becoming an assistant professor in 1978, an associate professor, with tenure, in 1983, and a professor, with tenure, in 1990.

Professor Trepanier-Street has distinguished herself as a teacher, administrator, and researcher. In her years at the University, she has been acting coordinator of student teaching and field placement, M.A. in education program coordinator, acting associate dean, and chair of the School of Education State Accreditation Committee. She has been director and program coordinator for the School of Education's Early Childhood Education Center since 1995, engaging her students in the methods of Jean Piaget and Reggio Emilia. Professor Trepanier-Street has numerous publications in the areas of early childhood teacher preparation, gender differences in young children, and college students mentoring young at-risk children. Further research interests include memory and cognition, young children and their attitudes towards those with special needs, and the effect of focused programs in early literacy. Most recently, she has received the Distinguished Alumna of the Year Award by Marygrove College.

We are very pleased to recommend the reappointment of Mary L. Trepanier-Street as associate dean, School of Education, effective January 1, 2010 through June 30, 2010.

CURRENT TITLES: Chair, Department of Management Studies, and Associate Professor of Management Information Systems, with tenure, College of Business

TITLE BEING RENEWED: Chair, Department of Management Studies, College of Business

EFFECTIVE DATES: January 1, 2010 through December 31, 2012

On the recommendation of the Dean of the College of Business, and the Provost and Vice-Chancellor for Academic Affairs, I am pleased to recommend the reappointment of Andrew Urbaczewski as chair, Department of Management Studies, College of Business, effective January 1, 2010 through December 31, 2012.

Professor Urbaczewski earned a Bachelor of Science degree in finance from the University of Tennessee-Knoxville in 1991, a Masters of Business Administration from West Virginia University in 1992, and a Ph.D. in business from Indiana University in 2000. He joined the College of Business in 2003. In January 2007 he was appointed chair of the Department of Management Studies and is currently an associate professor of management information systems.

Professor Urbaczewski is a scholar who has consistently excelled in his research activities. He has published in top-tier journals including the *Journal of Management Information Systems*, *Communications of the ACM*, and *Communications of the AIS*. Professor Urbaczewski is also a strong teacher. He received the Washington State University MIS Club "Professor of the Year Award" for 2002-2003. He has continued his strong teaching at UM-Dearborn as evidenced by his excellent teaching evaluations. Professor Urbaczewski is active in service to his profession and to the school, and has developed a reputation as an outstanding leader.

We are very pleased to recommend the reappointment of Andrew Urbaczewski as chair, Department of Management Studies, College of Business, effective January 1, 2010 through December 31, 2012.

EFFECTIVE DATES: January 1, 2010 through April 30, 2010

The Dean and the Executive Committee of the College of Arts and Sciences at the University of Michigan-Flint, with the endorsement of the Department of Political Science, recommend the appointment of Albert Conway Price as acting chair, Department of Political Science, College of Arts and Sciences, effective January 1, 2010 through April 30, 2010.

Professor Price received his B.A. degree from Edinboro State College in 1973, his M.A. degree and Ph.D. from the University of Connecticut in 1975 and 1980, respectively. He joined the faculty of the University of Michigan-Flint in 1980 as an assistant professor, was promoted to associate professor, with tenure, in 1985, and to professor in 1994.

Since joining the College of Arts and Sciences at the University of Michigan-Flint, Professor Price has served as director of the Masters of Public Administration Program since 1983, member of the Provost Advisory Committee, Budget Priorities and Chancellor's Advisory Committee, Faculty Assembly, and CAS Academic Standards Committee.

Professor Price will be an effective leader. We are pleased to recommend the appointment of Albert Conway Price as acting chair, Department of Political Science, College of Arts and Sciences, effective January 1, 2010 through April 30, 2012.

RECOMMENDED BY:

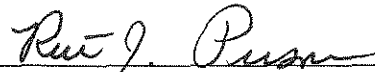

D. J. Trela, Dean
